Acme Lead & Zinc Co. The Acme Lead & Zinc Co. was incorporated under the laws of the State of Missouri, and is located at Webb City, Missouri. Mr. W. W. Wample of Webb City, informed us that the company owns 620 acres of land that at one time had a value as mineral land, but on account of the slump in lead and zinc it has no value now except as farm value. At the last meeting of the stockholders the president and secretary were instructed to sell the land at whatever price it would bring, but farm lands are not saleable at this time in the vicinity of Webb City. The land would net stockholders about $35. a share if it could be sold at the price the company is asking.

Aetna Petroleum Corp. Organized in Delaware in 1920 and had its principal office at Insurance Bldg. Dallas, Texas. Mr. R. B. Stichter, Jr. son of former President of the company, located at 1314 Wood St. Dallas, Texas, informed us that his father died in 1932. This company was a little before his time but is under the impression that the company was put out of business in 1924 or 1925. The price of oil going from $3.00 to $1.00 was responsible for the company's failure. The bondholders received nothing because of some contracts and so forth. In view of the above we submit the shares as worthless.

Ritter, Vice Pres.—Irving L. Tenney, Secretary—Frank Woolsey, Treasurer—Chester Thorne. In 1922 no further trace of the company could be found. The company apparently forfeited its leases. The stock was first offered in 1917 at 50 cents per share. There was never any market for the stock between brokers. The company subsequently lost its charter and ceased to exist. The shares in our opinion are worthless.

Allweather Ventilator Company. This company, according to the telephone book is located at 70 E. 45th Street, N. Y. C. (1934). The moving factor behind the company, we believe, is Mr. R. G. Thach, Secretary, who is also an attorney, located at 122 E. 42nd Street, N. Y. C. We have not received any definite reply from the company, for the reason that Mr. Thach also represents the Pan American Airways, and is spending most of his time in Washington. You may appreciate the problem he has on his hands at this time. Mr. Thach's office informed us that the company is practically defunct, or else dormant, for the reason that the company's only asset is a patent that has little value. There are better articles on the market that sell much cheaper than their ventilator. We understand that Mr. Thach has put thousands of dollars in this venture and will not finance it any further. The shares at this time are practically worthless and there is no immediate prospects for the future, unless some improvement is made for the better. In view of the above, we would inventory these shares as worthless.

Alton Steel Company (Ill.). On August 8, 1914, this company was placed in receivership at the request of holders of $300,000 of First Mortgage bonds. There were also $350,000 of Second Mortgage bonds outstanding and $125,000 floating debt. We found no further reference to this company after 1914 and believe that the first mortgage was not satisfied. It is our opinion that the shares are without value. The Alton Water Co. of Alton, Ill. was interested in this company.

Alvarez Mining Company. The following is a copy of a letter dated April 25, 1935 from Mr. John J. Burns, General Counsel for the Securities and Exchange Commission, Washington, D. C. regarding the Plymouth Consolidated Gold Mines, Ltd. and the Alvarez Mining Co. "As I understand it, this was not to be an exchange of Plymouth stock for Alvarez stock, but rather the Plymouth stock was being offered to the Alvarez stockholders for the surrender of their old stock, plus 25c. per share cash. Inasmuch as the Alvarez stock has absolutely no value, the company being defunct, it was in effect an offer of Plymouth stock at 25c. per share. There was to be no pro rating of the Plymouth stock among the Alvarez Stockholders. For your information, this company filed a registration statement with the Commission, but on January 3, the Commission ordered a stop order proceeding to suspend the effectiveness of this registration statement on the grounds that there were certain misstatements of material facts or omissions to state all the facts necessary. A hearing was had on the same but the Commission has not as yet decided as to whether or not to issue such a stop order. It is still pending before it. On January 3, the Commission also obtained a temporary restraining order in the U. S. District Court for Delaware, restraining this company from any further sales, which restraining order is still in effect. The Commission has received numerous complaints regarding this company and has made a very thorough investigation. I shall be glad to advise you as soon as the Commission has made a definite determination in the matter." The above letter confirms our original report that the stock of the Alvarez Mining Co. has no value.

American Bond & Mortgage Co. Inc. Incorporated in Maine on Dec. 15, 1910 to engage in underwriting and dealing in real estate bonds. The principal place of business of the company was located at Chicago, Ill. In 1931 the Department of Justice undertook an investigation of the conduct of the company's business by its former officers. On Feb. 25, 1932, four officials of the company were found guilty of using the mails to defraud. On May 22, 1931 Judge J. H. Wilkerson at Chicago appointed the Chicago Title & Trust Co. as receiver, and on May 26, 1931 Charles Evans Hughes, Jr. was appointed ancillary receiver in equity. On May 25, 1931 an involuntary petition in bankruptcy was filed against the company in the U. S. District Court of Maine; and on Oct. 15, 1931 an order was entered adjudicating the company a bankrupt. On Sept. 5, 1931, The American Bond & Mortgage filed its voluntary petition in bankruptcy in the U. S. District Court of Northern District of Illinois and was duly adjudicated a bankrupt. There were $4,869,000 of bonds outstanding as of June 1931 that were a direct obligation of the American Bond & Mortgage Co. These bonds were in default and were quoted over-the-counter in 1931 at 1 bid, 3 asked. In view of the fact that the company was adjudicated a bankrupt in 1931, in both Maine & Illinois; and that quotations of its bonds in 1931 which had a prior claim on the assets of the corporation indicated that the preferred stock had no value, it is sufficient evidence to establish the worthlessness of the preferred stock for the year 1931.
American Book Bindery Inc. This company has been in the hands of trustees for the past five years. They have been operating the company and breaking even. We were informed that the certificates of deposit have no equity at this time. One of the trustees stated that he would purchase the certificate of $183.25 held by the Sterling Estate for $45.82. Therefore, we believe that $45.82 is a fair value for the $183.25 certificate as of Feb. 1, 1936.

American Commonwealths Power Corp. Incorporated in Delaware on Jan. 18, 1927 as a holding company. On Dec. 31, 1931, the Chancery Court at Dover, Del. appointed receivers for the corporation. The receivers took possession as of Jan. 2, 1932. In June 1934, the court approved the plan for distribution of the company's assets whereby they were transferred to a new company, Commonwealths Distribution, Inc. The creditors including debenture holders received one share of new stock for each $100 of claims. There was no provision made for the capital stock which is without value. Therefore, we submit the $6.50 1st preferred stock as worthless.

American Union Telephone Co. We received the following letter from J. Fred Schaffer, of Sunbury, Penna. dated July 13, 1936. "I was the Master distributing the funds in this case in the United States District Court for the Middle District of Pennsylvania in the case of Dean Electric Company, complainant, vs. American Union Telephone Co., defendant. No. 83, June Term, 1910, In Equity. "The Receivers at the time of the distribution were Charles West, then of Phila. and Hon. W. C. McConnell, Shamokin, Pa. and the fund for distribution was in their hands. "I have refreshed my memory with regard to this matter by examining a copy of my Report. Distribution took place in 1914. The amount for distribution was $141,394.67. After deducting $16,106.73 for administration costs and expenses, witness fees, costs of audit, and a further deduction of $11,799.48, mainly for license fees upon poles of the Company in various municipalities, there remained the sum of $113,448.46 applicable to matured coupons on the first mortgage bonds. The total face value of matured coupons offered in evidence before the Master aggregated $608,350.00. The dividend to these coupons was .186551 cents on the dollar. There was nothing distributed to the principal of the bonds. If the matured coupons upon the bonds you represent were not proved, of course, they did not participate. You should be able to tell by examining the bonds, whether matured

coupons to the year 1914 were detached from the bonds or not. If these coupons are still attached of course they were not proved and did not participate. If they are not on the bonds, they may have been proved, and if so, participated in the distribution. The evidence taken before the Master, would, upon examination, reveal this."

Amity Copper & Gold Mines Ltd. Incorporated in Ontario in January 1927 and is located at Boston Creek, Ontario. The office of R. S. Potter, President is located at Matheson, Ont. The company owns a copper prospect in the Boston Creek district, Ontario. Further prospecting was started in September 1933. In 1934 the Financial Post Survey of Mines reported that the company's treasury was depleted. In December, 1934 it was reported that the assets of the company were transferred to a new company, and each four shares were exchanged for one share in the new company. Apparently there was no change in name. Letters addressed to the company have not been answered nor returned. We found no market for the stock and therefore believe the shares have little if any value at this time (1936).

Anglo American Commercial Corp. Incorporated in New York and was reported in Receiver's hands in 1921. On May 21, 1921, it was reported that the company's assets were sold, and the amount received was insufficient to pay the creditors in full, leaving no equity for the common or preferred stocks. Therefore, we submit the shares as worthless as of May 28, 1936.

Anglo American Glass Co. Incorporated in New York on March 19, 1879 and was located at Clyde, N. Y. The corporation was dissolved by the Governor on April 2, 1934. Our correspondent at Clyde, N. Y. informed us that no company of this name has been engaged in the glass business there for over 40 years. It would appear that the shares of the subject company are without value.

Anglo American Irrigation Co. Ltd. Chartered in West Virginia on Nov. 24, 1894 with its principal office located in New York City. This company is not listed in our "Corporation Directory" for 1901, listing active corporations located in New York City. The State records disclose that the company is evidently out of existence. We found no value for the stock and therefore believe the shares are without value.

Aparecida Mines Company. Incorporated in Colorado and its charter expired by limitation on November 8, 1922 and no renewal has been made. Mr. Frank G. Peck of Colorado Springs informed us in 1909 that the company's property was developed in 1909 under a lease. The property failed to develop the expected ore and that as a result the company forfeited the lease and ceased operations. The shares in our opinion are worthless.

Appalachian Gas Corp. The assets of this corporation were sold to the Commonwealth Gas Corp. in July 1933. Holders of each 10 shares of common stock received warrant for purchase of one share of common stock of new company at $5. for five years. The Commonwealth Gas Corp. located at 50 Broadway New York City informed us that non-assenters to the plan did not receive warrants to purchase new stock. Assenters to the plan received the above warrants. If the stockholder did not assent to the plan his shares are without value.

Aquatone Corporation (Del.). Value of certificates of Beneficial Interest. Value of preferred stock, par value $100. Value of common stock, no par value. The Aquatone Corporation located at 410 North Michigan Avenue, Chicago, Ill. informed me that the above securities had practically no value on March 17, 1935 but just what the future holds for the stock is problematical. The company has been endeavoring to make some progress on the licensing of the process which it possesses for printing, but up to the present time the company has been unsuccessful and the business of the company is at a standstill. Therefore, I believe the certificates of beneficial interest and the preferred and common stocks have only a nominal value as of March 17, 1935.

Armand Gold & Silver Mining Co. Incorporated in California on March 25, 1878 and had its principal office at San Francisco, Calif. The company forfeited its charter on Dec. 14, 1905 and has been out of existence since then. A search of "Poole Brothers Mining Directory and Reference Book" for 1898 listing all patented claims, shows no record of this company. In view of the above we believe the shares are worthless.

Asbestos & Rubber Products Corp. Incorporated under the laws of the State of Massachusetts and was located at 100 South St. Boston, Mass. On January 25, 1932 it was proposed at the stockholders meeting to consider the dissolution of the corporation. Our Boston correspondent informed us on June 4, 1932 that Max Brown, the former Treasurer of the company, now located at 100 South St. Boston, informed them that the company dissolved about three years ago (1933) and that after the various bills were paid there was nothing left for the stockholders. The charter was forfeited in 1935. In view of the above we believe the shares are worthless.

The President of this corporation located at 19-21 Dover Green, Dover, Del. informed us as follows: "There are so many indeterminate elements involved it is impossible to estimate the present value of our preferred stock. Like everyone else, we have had heavy losses during the last four years. Conditions however, have shown some improvement. Negotiations are now under way in a situation in which we are interested which, if successful, will materially improve our position. It is our hope that ultimately a dividend can be paid on this issue, but as so much depends on improvement in conditions generally I could not hazard a guess as to when this might be." (1934.)

Atlantic Laboratories, Inc. Incorporated in Florida in 1928 and was located at Miami, Fla. The certificate was filed by Price, Price, Neeley and Kehoe, attorneys of Miami, Fla. The corporation filed its last report on June 5, 1928. President, D. Troy Hails, 1425 Seville Ave., Coral Gables, Fla.; Treasurer, Thos. T. Crittenden, 665 N. Greenway Drive, Coral Gables, Fla.; Secretary, L. Leslie, Coral Gables, Fla. The name of this corporation was published for dissolution on Sept. 30, 1936, for failure to comply with the state laws. Inasmuch as the corporation filed its last report in 1928 it is our opinion that it was short-lived and went out of business shortly thereafter. Letters addressed to the officers have not been answered nor returned. We found no value to the stock and therefore believe the shares are without value.

Atlantic Midland Corporation. Mr. R. Lindsay Goeltz, located in the Woolworth Bldg., N. Y. C. informed us that he was appointed receiver for the corporation on January 15, 1932. All of the tangible assets of the corporation were placed with the Guaranty Trust Company to secure a bond issue of Atlantic Midland. The Guaranty Trust Co. foreclosed on the assets pledged with them and paid the bondholders about 80%. There is a law suit still pending and if successful there may be a distribution to stockholders. Until this suit is settled the stock has only a problematical value. (1935.)

Atlantic & Pacific Railroad Co. (Central Division Land Bonds due 1901). Land Grant bonds issued in 1868 and 1871 received $55.57 and $46.15 per $1000 bond respectively. In settling the decree, the Court declined to make any order extending further time (Nov. 10, 1877) to the outstanding bondholders to come in and join in the purchase. The United States District Court at St. Louis, informed us on Oct. 23, 1936 that no funds were paid into Court on Nov. 10, 1877, or any other date in this case. The bonds apparently are worthless.

Atlantic & Pacific RR. Guar. Trust 4% bonds due 1937 received $99.12 on each $1000. in liquidation. Trust receipts for Income bonds, Western Division received $25. per $1000. bond. Land Mtge. bonds, $55.57 per $1000. bond. Second Land Mtge. bonds, $46.15 per $1000. bond.

Augusta Golf Company. We received the following communication from F. H. Farnum, President of the Augusta Country Club, Augusta, Me. regarding the stock of the subject company. "The Augusta Country Club leases from the Augusta Golf Company the club house and golf course. During the past five years the Augusta Country Club has been able to pay all expenses including interest on the indebtedness of the Augusta Golf Company. In the year 1934 the Augusta Country Club failed to meet expenses by some $700. The Augusta Golf Company has a mortgage of $20,000 and $9,000 in notes outstanding. There are some 100 shares of stock. The stock in the Golf Company never has had any value or market and consists of donated money by various people toward a community welfare in the nature of a golf club. So far as I know there is no market nor is there likely to be any for the stock of the Augusta Golf Company. (1935).

Incorporated under the laws of the State of Delaware and is no longer in existence, having become inoperative and void on April 1, 1932 and proclaimed by the Governor in January 1933 for non-payment of taxes. The last annual report filed showed the following officers: Wm. F. Cox, Orange Drive, Los Angeles, Calif. President; Nelson F. Dunn, 709 Douglas Ave. Minneapolis, Treasurer; Henry S. Rademacher, 7 Dearborn St., Chicago, Ill. Secretary. Mr. Rademacher is an attorney now located at 1 N. La Salle St., Chicago, Ill.

Automotive Devices Corporation. Supplementing our previous report, Mr. Henry S. Rademacher, an attorney, and former Secretary of the company, now located at One North La Salle Street, Chicago, Illinois, informed us as follows on January 29, 1936. "This company was incorporated on October 8, 1928, and did not function very long, if it functioned at all. At least, it went completely dead in 1929 without ever having been given the attention of a decent burial. It is beyond resurrection and you can write it off as a complete loss. The stock has been worthless ever since 1929."

Autophone Manufacturing Corp. Incorporated in Delaware on Dec. 14, 1917. The last annual report was filed for the year 1923 and showed offices at 324 E. 23rd St. N. Y. C. Pres., Wm. H. Pritchard, 324 E. 23rd St. N. Y. C.; V. Pres., Ninian Jamieson, Yonkers, N. Y.; Treas., T. C. Durham, 358 W. 57th St. N. Y. C.; Director, J. C. Flinn, 729 7th Ave. N. Y. C. (1936). We understand that the company was inactive about 1928 and that there was no market for the stock. All efforts to reorganize the company failed. The company went out of business about 1928 and lost its charter in 1930 for failure to file reports for two years. The shares in our opinion are without value.

Aviation Country Club of Long Island, Inc. Incorporated in New York and is located at Hicksville, N. Y. Mr. J. B. Taylor, President, informed us as follows (1934): Value of this membership is very indefinite. It is largely a question of what you can get for it. Due to the bad times, there has been no great demand for memberships. While the Club is still operating and getting along rather well, there have been a considerable number of resignations, particularly among proprietary memberships and there have been very few sales for them. We will be glad to list Mr. Townsend's certificate. A membership certificate in itself does not give the right to membership in the Club. In other words, if it were sold the purchaser would have to be duly elected to membership and there is a charge of $100. for transferring this certificate to his name, so that if you should find a party yourself, his name would have to be submitted to the Club and if he were to be elected he would then pay the $100 transfer fee and the annual dues and become a member in good standing.

Avon Florida Citrus Corp. On May 22, 1936, Mr. C. H. Walker, President, of the above corporation, informed us as follows: "We see no prospects, at this time, of making any payments on the interest and as to the market value of the bonds, will say that there is none that I know of as there has been no trade in the bonds except in very few cases. There are some bonds held by private parties that have been offering them at ten per cent which means $100. for a $1,000. bond with interest coupons attached. On account of about five years of the pressed conditions in the citrus business and the loss of one crop by hurricane and a good portion of another crop by freeze, it has made it impossible to break even on operations, therefore, we have a large accumulation of back interest with no prospects of paying in the near future. There will evidently have to be some readjustment of this bond issue in some way and I hope to work something out to the best interest of all concerned." In Nov. 1936 the bonds were quoted at 10% on a workout basis.

Ayer Drug Company. Reported to have been incorporated in Maine in 1887. The records of the Secretary of the State of Maine have no company on file under this name. There was an Ayer & Spencer Drug Co. incorporated in Maine on January 21, 1887. This company probably operated under a trade name of Ayer Drug Co. The Ayer & Spencer Drug Co. has never filed a return since incorporation. The company was formerly located at Lewiston, Me. in care of W. P. Ayer, Director. Therefore, it is our opinion that the shares of both companies have no value.

Bachelor Mining Co. (Colo.). Mining properties were sold for $50,000 which was paid and distributed to stockholders with the exception of a very small amount of cash which was held for the purpose of paying fees. There are 100,000 shares outstanding and if anything is left after paying expenses the amount will be a small fraction of one cent per share. Dines, Dines & Holme of Denver, Colorado, will make the final payment, if any.
Bachelor Publishing Company. Incorporated in New York and was located at 11 Broadway, New York City in 1906. President, Reed Carradine; Secretary, Peter J. McLean. Directors: Clarence Rigby, Peter J. McLean, H. W. Cullen, George H. Gordon. In 1907 the company was reported out of business. We searched the records in the County Clerk's office and found no record of the company nor any value to the stock. Therefore, it is our opinion that the shares are worthless. (1935.)

Bahia Corporation, The. 8 West 40th Street, New York. July 1, 1936. At the present time the Bahia Corporation stock has no value, nor is it likely to have any value, as the mine has been closed down for the past four years. From the outset the Company failed to earn any money at a time when the price of Carbon was very high, then the depression came and the price of Carbon decreased to about one-third of what it formerly was, and the market for Carbon shrank so that there was only a very small demand for the product. They could be bought very much cheaper than they could be obtained by mining operations. The gravel on which we depended did not turn out to be as rich as had been expected as a result of the engineer's investigation and reports, and it was found that only a part of the gravel contained Carbon, which made it necessary to look for that particular channel of gravel (in the bed of the river) which greatly increased the cost of operation. Boulders were encountered and other obstacles, which made it impossible to use the expensive machinery installed, to the best advantage, and in consequence the Company operated for several years at a heavy loss. We were never able to strike any of the rich pits containing Carbon, which we believed and had reason to believe we would strike occasionally in our very extensive operations. The Company expended all of its funds and was financed for a considerable length of time by Bernard Bandler & Sons, Inc., until its resources were exhausted and it was necessary to discontinue operations. For several years Bernard Bandler & Sons Inc., have paid out many thousands of dollars per year to cover the interest on the mortgage, taxes and wages of men employed to look after and preserve the property. The Bahia Corporation now owes money far in excess of the value of its assets, and there is practically no hope of ever operating the property again. This could be considered only if the price of Carbon was restored to its former high prices, and a broad market existed for it, and as this probability is so remote, it can be disregarded. The charter of the Company has been forfeited for non-payment of State Taxes. No annual meeting of stockholders has been held on account of the expense involved in holding these meetings. I regret the affairs of the Company seem to be so deplorable, but such unfortunately is the case. Any further information you desire, I shall be pleased to give you. Very truly yours, THE BAHIA CORPORATION. By David Bandler, Vice Pres.

Bankshares Corporation of United States. This company was placed in the hands of Samuel I. Kessler, as custodian receiver on May 2, 1930. The receivers are Frederick W. Breene, Samuel F. Fisher and W. Casewell Heine. The attorney for the receivers is Morris H. Cohen, 60 Park Place, Newark, N. J. The Irving Trust Company of New York is the Trustee in bankruptcy. The Irving Trust Company informed us in Oct. 1934 that up to January 1, of 1934 it was hoped that one hundred cents on the dollar would be paid to creditors and that something would be left for the preferred stockholders. The Irving Trust Co. had paid the creditors 75% of their claims to date and the only assets remaining were tied up in litigation. The trustee in bankruptcy also stated that not more than 10% more would be available for creditors if successful in this litigation, leaving no equity for the capital stock which is without value.

Bankshares National Corp. N. Y. 1935.
Bankstocks Corp. of Maryland. Value of Class B Common Stock. Incorporated in Maryland on May 18, 1925 to function as an investment trust. This company and Bankshares Corp. of the United States were placed in the hands of M. Castwell Heine as receiver on May 2, 1930. Mr. Heine's office informed us on Oct. 9, 1936 that the company has only sufficient assets to pay but a part of the creditor's claims at this time. The receiver has brought suit against the directors of the company and it is unlikely that an amount will be recovered that will be sufficient to pay the creditors in full. In view of the above we submit the Class B common shares as worthless.

Batopilas Mining Company. Incorporated Oct. 13, 1887 in New York and had an office at 154 Nassau Street, New York City. The company is bankrupt as bond interest for four years in default amounted to $98,955. Jan. 1, 1923. Stockholders did not approve a voluntary assessment of 60 cents a share in 1923 to satisfy bondholders and provide working capital. No foreclosure proceedings were instituted, hence there has been no reorganization. In 1925, development was resumed on a limited scale, under arrangement with the bondholders Committee. Up to the end of 1926, 121,000. ounces were marketed. Idle since. There are $366,500. of bonds outstanding, which have practically no value, leaving no hope for the stock which in our opinion is worthless. (1936.)

Bead Lake Gold Copper Mining Company. Succeeded the Bead Lake Gold-Copper Mining and Milling Company in January 1911. The company was located at Spokane, Washington and its property represented 13 claims on Pend d'Oreille River. In 1924 the company was reorganized as the Bead Lake Mining Company. After some litigation the shareholders of the old company were permitted to be reinstated upon payment of an assessment of 4c per share. The lease of the new company did not last long as the property was sold to cover debts and taxes in June 1929. The property was purchased by the bondholders for $33,000. The bonds outstanding amounted to $100,000. Therefore, it is reasonable to assume that the stock is worthless. (1934.)

Belcher Extension Cons. Mines Co. Incorporated in Nevada on May 12, 1924 and is now delinquent in the amount of $22.50 for failure to file list of officers and pay penalties from July 1, 1932 to date. The last known officers are as follows: Frank Silva, President, 315 W. 173rd St. N. Y. C.; Robert J. Keefe, Sec'y, 1 Exchange Place, Jersey City, N. J.; Nevada Trust Co. Resident Agent, Reno, Nevada. According to reports this was one of the ventures boomed by George Graham Rice and his Wall Street Iconoclast. There were ten assessments levied on this stock and unless the shares are stamped assessments paid the shares are worthless. (1934.)

Belcher Silver Mining Company. The Belcher Silver Mining Company was incorporated November 2, 1868 and its place of business was located at San Francisco, California. The property of the company was reported at Gold Hill, Story County, Nevada. James Newlands, President; C. L. Perkins, Secretary; Bank of California, Treasurer. We searched our mining manuals back to 1900 and found no trace of the company. The Bank of California informed us that they held no funds for the stockholders, and furthermore they have no record of the company. Therefore, it is our opinion that the company is out of existence and the shares were worthless as of May 22, 1932.

Berkshire Hills Park Assn. Incorporated in New York on June 22, 1893 and had an office in New York City. The attorneys that acted for the incorporators were Phillips & Avery, now located at 41 Park Row, N. Y. C. The managing attorney of Phillips and Avery informed us that they heard nothing further from the company after 1893. We searched our directories for 1901 and found no trace of the company nor any value to the stock. It is our opinion that the company went out of business before 1901 and that the shares are without value. The charter of the company was subsequently forfeited by Proclamation of the Governor.

Bingar Realty Corporation. Incorporated in New York on February 4, 1927 and was located at 36 W. 44th St., N. Y. C. in care of Kohn & Nagler, attorneys. We found no further trace of the company since 1927. Kohn & Nagler know nothing further of the company. It is our opinion that the company is out of existence and the shares worthless.
Bingham Consolidated Mining & Smelting Co. In 1908 the subject company was under heavy mortgage debt, and had other indebtedness. Insolvency or bankruptcy proceedings were started in the latter part of 1908; in December, 1908, there was an execution sale of all property based upon a judgment of the Third Judicial Court of the State of Utah in favor of the Mercantile National Bank of New York. At about this same time the Bingham Mines Co was formed, and offers were made to issue a share of the new Bingham Mines stock in exchange for a share of the old Bingham Consolidated, plus a $3.50 payment for each share. The new company acquired the title to the property, and a great many of the old stockholders kept their interest by carrying out this arrangement. In October, 1917 the stockholders of the Bingham Cons. Mining & Smelting Co. voted to dissolve and on December, 4, 1917 a decree was entered in the Supreme Court of Cumberland County, State of Maine, dissolving the corp. The United States Smelting Refining and Mining Co. bought the property of the Bingham Mines Co. in 1929. March 18, 1936.

Binghamton Novelty Co. Incorporated under the laws of the State of New York on July 17, 1902, and was located at Binghamton, N. Y. The corporation was dissolved by Proclamation of the Governor published March 8, 1926. The following are the directors of the company as contained in the certificate of incorporation: George Frank Smith, 7 Congdon Place, Binghamton, N. Y.; Charles E. Smith, 80 Prospect St., East Orange, N. J.; Alfred F. Hunt, Jr., 96 Broadway, N. Y. C. We made a thorough search for the above directors and have found no trace of them. We covered the banks at Binghamton, N. Y. and have found no record of this company. We found no value to the stock and therefore believe the shares were worthless as of Aug. 18, 1935.

Birmingham & Lineville Railroad. We were informed as follows by the Atlantic Coast Line Railroad in 1932: "(1) The Birmingham & Lineville Railroad was organized under the laws of Alabama on December 8, 1903, at Birmingham, Jefferson Co. and the charter was filed in the office of the Secretary of State in Montgomery the same day. (2) The terminal points as named in the charter were Lineville and Pyrition, in Clay County, with the right to extend the line to Birmingham through Talladega, Shelby, St. Clair and Jefferson counties with the further right to extend from Lineville into Randolph and Tallapoosa counties. (3) John S. Jemison was the Commissioner named in the certificate (or charter) to receive subscriptions and he certified that $2,000 had been paid in cash and deposited in the State Bank of Lineville, which was 2% of the amount subscribed and that he had received from R. L. Ivy, Vassar L. Allen, W. J. Prowell, Robert Jemison contracts for delivery of real estate and personal property and the transfer of certain right of way deeds to said new company. R. H. Pearson subscribed for 10 shares, payable in cash, Robert Jemison, 5 shares, payable in cash, S. E. Thompson, 5 shares, payable in cash, W. J. Prowell, 5 shares, payable in services rendered and to be rendered. John S. Jemison subscribed for 437½ shares, payable in real estate, personal property and services rendered and to be rendered. Vassar L. Allen subscribed for 100 shares, payable in personal property and services, and R. L. Ivy subscribed for 437½ shares, payable in real estate, personal property and services rendered and to be rendered. The authorized capital stock was $100,000. each share to be of the par value of $100. R. H. Pearson was elected President, John Jemison, Vice-President; R. L. Ivy, Secretary and Treasurer. A Mr. Smith, whose initials we do not recall, was constructing a little railroad from Talladega to Pyrition for the purpose of hauling the Pyritese ore from Pyrition to Talladega, and a number of the gentlemen whose names we have mentioned above, particularly Mr. Ivy, conceived the idea of extending the line from Pyrition to Lineville. In a short while it is our understanding the incorporators permitted the corporate existence of the Birmingham & Lineville Railroad to lapse and contractors bought from Mr. Smith most of the ties and part of the rail that he had."

Blickensderfer Manufacturing Co. The First Stamford National Bank & Trust Company of Stamford, Conn. informed us that the property of this company was acquired by the L. R. Roberts Typewriter Co. in 1921. The latter company operated only a short time and went out of business. The property is now controlled by the Remington-Rand Company.
Blickensderfer Mfg. Company. Supplementing our previous report, Mr. Eugene Sharp Bibb, an attorney located at 250 W. 57th St., N. Y. C. who was attorney for the petitioner informed us that it is his independent recollection that the stockholders of Blickensderfer Mfg. Co. did not participate in the sale of the assets of the L. R. Roberts Co. to the Remington Typewriter Co. in 1927. His recollection is that the debts of the Roberts Co. were so great that they did not pay much of a dividend in liquidation.

Blue Kitchens, Inc. Incorporated in New York and operates a string of restaurants in New York City and has its main office at 56 New St., N. Y. C. President, Milton A. Rosenfeld; Treasurer, A. M. Johnston. Mr. Rosenfeld informed us on July 17, 1936, that the company just settled its differences with their creditors and gave them Class A stock in settlement of their claims. This stock is prior to the common stock which you hold. The company's earnings are increasing and in time it expects to retire the A stock. The common stock has no asset value at this time. However, the Blue Kitchens are very good restaurants and we believe that the company has a good chance to work out of its difficulties. For inventory purposes the shares have only a nominal value. Blythebourne Water Company. (1st Mtge. 6's 1929 Reg.). This Company was incorporated in New York State in 1899 with an authorized capital of $10,000. full paid other Liabilities than capital $250. Stock Outstanding, $200,000. about half of which was owned by the Borough Park Company. No dividends had been reported paid since 1899 and there has been no sale of the stock in years. The company had been advertised more or less widely throughout it's career by complaints of the consumers, that it was in the habit of shutting down its plant without notice and frequently supplementing its supply from the city mains. It did this Nov. 16, 1918 and on Nov. 22, 1918 gave up entirely notifying the City that it was at the end of its resources and even lacked cash to buy coal. Subsequently the city took over the business of supplying the water customers who had already paid the Blythebourne Water Company for a full year's supply. The City Water department was, it was reported, in effect extending credit to the amount of $256. a day to a bankrupt concern, and was doing so under a great public necessity. In a report to the Board of Estimate, it was suggested that the City take over the water company's plant in payment of its indebtedness to them. We find that on October 30, 1920 Adrian H. Muller & Sons, sold 453 shares of stock at $50. the lot and in August, 1926 the bonds were quoted at 67% and in May, 1927 at 60%. We submit 60% or $600. for each $1000. par value bonds as representing the fair nominal market as of November 11, 1927.

Boise Valley Railway Company. The Boise Trust Co. of Boise, Idaho who were Trustees for the First Mortgage 5% bonds of this company, informed us on July 23, 1936 that they understood from a local attorney this road was liquidated many years ago. The tracks have been removed and there is no visible evidence that such a railway ever existed. It is also the attorney's recollection that the project was practically a total loss. He has no knowledge of the existence of any assets or funds. The First National Bank of Idaho, Boise, Idaho, informed us on July 20, 1936 that they were advised from sources which they consider reliable that the coupons amounting to $9,937.50 due July 2, 1908 from first mortgage 5% bonds of the Boise Valley Railway Co. do not have any value. In view of the above we believe the coupons are worthless.

Bon Air Coal & Iron Co. Certain undeposited bonds of this company have a decree value of $715.16 per $1000. bond.

Bon Air Vanderbilt Company. Value of 8% Debenture Bonds. Lee, Congdon & Fulcher, attorneys, located at Augusta, Georgia, informed us on May 12, 1936, that this company weathered the first several years of the depression, but found its working capital exhausted in the spring of 1932 at the close of the tourist season. Attempts at reorganization were unsuccessful. A new company was formed to lease and operate the properties and 25% of its common stock was allocated to the old Bon Air Vanderbilt Company. Interest payments on the debenture bonds ceased about 1932. The new lessee company sustained a disastrous loss at the time of the Bank Holiday in 1933, at the height of the season, and was forced to surrender its lease in the fall of 1935 when efforts to raise further working capital was unavailing. In October 1935 the 8% Deb. bonds ceased to have any value whatever and nothing was realized by any of the debenture holders.

Bond & Mortgage Guarantee Company. Incorporated under the laws of the State of New York to engage in guaranteeing the payment of mortgages and mortgage certificates on properties in greater New York and Long Island. The company was taken over by the New York State Insurance Department on August 2, 1933, for rehabilitation. As of August 2, 1933, it was reported that the company had absolute liabilities of $835,000,000. and assets of $47,000,000. It has been held that corporate stock may be worthless in one year, notwithstanding that the corporation continues to operate for years thereafter. It is our opinion that the shares first became worthless in 1933 when the records disclosed that the capital stock had no further equity.

Bowman-Biltmore Hotels Corporation. Value of certificate issued entitling the holder thereof to receive one share of first preferred stock of the new corporation, namely: the Bowman-Biltmore Hotels Corporation after the new corporation shall have received a regular dividend on the preferred stocks of the Westchester-Biltmore Corporation, received by the new corporation in exchange for such certificate, will be exchanged for each share of preferred stock of the Westchester-Biltmore Corporation. No dividend was ever declared and paid upon the preferred stock of the Westchester-Biltmore Corporation. That Corporation was terminated by a sale of its properties to the Westchester Country Club, Inc. After other direct obligations were paid there was nothing left for the stockholders. We were informed by Mr. Ross of the Bowman-Biltmore Hotels Corporation that the Westchester-Biltmore Corporation owed his corporation something like four million dollars and that the certificate is without value. Consequently, this certificate could never be exchanged for the first preferred stock of the Bowman-Biltmore Hotels Corporation, since the condition upon which it was issued was not fulfilled, and the results of the foreclosure sale, which left nothing for the stockholders. In view of the above we do not believe the certificate issued by the Bowman-Biltmore Hotels Corporation had any value as of November 2nd, 1928 and submit it as such as of that date.

Brentwood Holding Corporation. The Brentwood Holding Corporation had not lost its charter up to December 16, 1935. The company owned the property located at 363 W. 34th St., N. Y. C. (Block 758, lot 7). The mortgage on the property dated May 5, 1926 is recorded in Liber 3686, page 217. Across the hall, in the Hall of Records in Deeds & Leases, the leases are recorded in Liber 3708, page 122 and Liber 3950, page 360. In each case William Walzer is President and Abraham Kabrisky, Secretary. We were also informed that A. F. Lowett and Morris Walzer of the firm of Lowett & Schall, 26 Court St., Brooklyn, are familiar with the company. The Guaranty Trust Co. owns the property today and the Lawyers Title & Guaranty Co. of 160 Broadway, N. Y. C. are probably familiar with the company. Mr. William Walzer's address is 16 Court St., Brooklyn, N. Y. Mr. A. Kabrisky, is located at 26 Court St., Brooklyn, N. Y.

Incorporated in Georgia and according to Mr. Samuel Nesbitt Evins, attorney, located at Atlanta, Ga. the bond issue of the company was foreclosed and the property passed into other hands. We found no funds for the coupons with the Citizens & Southern National Bank at Atlanta, Ga. successors to the Hillyer Trust Co. and the Atlanta Trust Co. and also the Central Bank & Trust Co. According to the Citizens & Southern National Bank only $200. was deposited with them for the purpose of paying at par bonds No. 118 and 119 for $100. each in 1924. We notice that your coupons were taken from bonds No. 117 and No. 118. Apparently no provision was made for your coupons when the property was sold under foreclosure. In view of the above we believe the stock and coupons are without value.

Brunswick Street Railroad Co. Value of 1st Mtge 5% bonds due January 1, 1912 with July 1, 1891 and subsequent coupons attached No. 91 for $500. Company chartered in 1884 and started operations in 1887. Funded debt $150,000. of 5% bonds. Proceedings were instituted in 1892 in the Superior Court, Glynn County, Georgia, against the above company by L. D. Hoyt & Co. and others as creditors. The Farmers Loan & Trust Co. as Trustee under the Mortgage given to secure the above bonds was granted leave to intervene in those proceedings and thereafter filed its bill of complaint to foreclose the Mortgage. It appears that the final decree dated Feb. 22, 1893 providing for the sale of the properties was entered upon the consent of all litigating parties. It provided that the purchaser should make a cash payment of at least $10,000. but that the balance might be paid with bonds of the above issue. The decree also provided for the payment out of the cash proceeds of certain priority claims of considerable amount. Apparently the property was sold on April 4, 1893 for $10,000. cash, which cash was consumed in the payment of costs, expenses and fees and that the bondholders realized nothing from the sale.

Buffalo Musicians Service Corp., Buffalo, N. Y. Dissolved July 27, 1927.

Buffalo North End Land Company. Incorporated under the laws of the State of New York on September 27, 1909. Mr. G. A. T. Hagen, care of Hedstrom-Spaulding Co., 15 East Genesee Street, Buffalo, New York, informed us on June 4, 1936, that the property of this company consists of several acres of vacant land located on Skillen Street, Buffalo, New York, adjoining the New York Central Railroad. It is an industrial site and is being actively offered for sale. Not until a sale is consummated can the value of the stockholdings be determined. At the present time there is practically no funds in the treasury and the company is behind in the payment of taxes. Mr. Hagen states that an assessment will have to be levied on all stockholders very soon to protect their property. He states that a few of the large stockholders feel that the taxes should be paid. We suggest that you get in touch with Mr. Hagen as soon as possible if you wish to protect your interests. (1936.)

Bush Service Corporation. Organized in 1924 by Bush Terminal Company and European associates. The corporation owned sixteen subsidiary corporations organized in sixteen European countries, which subsidiaries are associated with fifty-four service companies located in twenty-three European countries. The corporation was engaged in foreign market development and the handling and financing of export and import trade. The corporation, on April 1, 1930, acquired the First Federal Foreign Banking Corporation. Mr. Frederick Baker, formerly Chairman of the Board of this corporation, now located at 44 Wall Street, New York City, and who is on the National City Bank's telephone, informed me that the corporation pledged all its security holdings for a loan from the Bank of America, now, National City Bank. These holdings were sold at public auction on June 29, 1934, and the bulk of the securities were bought in by the National City Bank. The amount received from the sale of the collateral was insufficient to pay the corporation's bank loan in full, leaving the corporation with about $5,000 of assets and owing the National City Bank over $1,000,000. The Balance Sheet of the Bush Service Corporation for the year ending December 31, 1933, as prepared by Zulken & Cohen, attorneys for the corporation, disclosed the following:

Assets		
Cash		$ 9,993.13
Notes Receivable		10,000.00
Accounts Receivable		5,209,578.53
Other Investments:		
All other investments or loans		162,902.99
Deferred charges:		
All other		26,768.20
Capital assets:		
Furniture and fixtures	$ 10,775.30	
Investment in Subsidiary Cos.	4,320,000.00	
Value of preferred stock issued provisionally (held by bank)	1,011,600.00	
	$5,342,375.30	
Less reserves for depreciation (except on land)	5,095.30	5,337,280.00
Total Assets		$10,756,522.85

Liabilities		
Accounts Payable		$ 3,010,741.87
Accrued expenses:

Issued provisionally	1,011,600.00	
Preferred stock (less stock in treasury)	6,873,100.00	
Common stock (less stock in treasury)	1,000,000.00	8,884,700.00
Deficit	$1,202,116.95	
		$1,202,116.95
Total Liabilities		$10,756,522.85

Book Value per share of preferred stock as of December 31, 1933 .... $97.10

The preferred shares of the Bush Service Corporation had a book value of $97.10 per share as of December 31, 1933, as shown by the company's financial statement which was prepared from its Income Tax Return. Although the above statement does not show any equity for the common stock I believe the shares had a nominal value as of January 1, 1934. It is therefore my opinion that the preferred and common shares of the Bush Service Corporation for the first time definitely became worthless in 1934, following the sale of the corporation's assets at public auction on June 29, 1934, at which time the corporation ceased to exist.

Caddo Central Oil & Refining Corporation. Capital Stock. Incorporated in New York on May 2, 1919. Capital Stock; authorized, 200,000 shares of no par value; outstanding, 168,500 shares. Capital Stock changed from 150,000 shares of $100. par value each in April 1920. All of the property of this company was sold out under foreclosure January 9, 1926 and bought in by the bondholders. The Crystal Oil Refining Corporation was organized and the owners of Caddo Central Oil & Refining Corporation were given the right to pay $1. per share of stock and receive one-tenth of a share of Crystal Common Stock. This offer, however, expired on March 31, 1926 and the Caddo Central Oil & Refining Corporation Common Stock was therefore of no value as of September 13, 1928.

Caddo Central Oil & Refining Corp. Certificates of Deposit for 6% bonds have an exchange value. Value of actual bonds not determined.

Canam Metals, Ltd. Incorporated in Ontario in 1928 and is located at Alworth Bldg., Duluth, Minn. The company owns the Canam-Max Mines, Ltd. in Mexico. The Montreal Trust Co. is transfer agent. The first dividend of 2 cents per share was paid in 1930. Mr. Clement K. Quinn, President of the company, located at the above address informed us as follows as of Sept. 15, 1936: "Canam Metals Limited stock is not listed on any exchange. It was listed on the Toronto Stock Exchange and traded there, but transactions became so few and far between that with the press of other listings the stock was dropped. In a letter sent to all shareholders on January 5, 1935, it was explained, as it had been previously, that it was proposed to exchange stock in Canam Metals Ltd. for United Gold Mines Corp. stock when and if United Gold Mines Corp. stock now held by Canam Metals is released from escrow. It is indefinite as to when this stock will be released. Conditions imposed by the State Securities Commission require that this vendors stock be held until Minnesota investors in United Gold Mines Corp., exclusive of the management, receive from earnings the amount paid for their stock. The market for Canam Metals stock at present is but nominal, as there has been no trading in it. The company is inactive excepting for its holdings in United Gold Mines Corporation stock. The latter company is operating two mines in Montana, the Golden Messenger, a gold property treating about 125 tons per day, the Mount Washington being under development. No salaries were ever paid or any expenses for management in connection with Canam Metals Limited from the time of its organization, and in addition the writer and one or two close associates used in excess of $300,000. of their own money in an attempt to protect its properties and carry it through the period of the depression." We know of no present market for the shares. United Gold Mines stock is quoted at 1/8.

Carbon Street Railway Company. Incorporated in Pennsylvania on October 27, 1904, to take over the Mauch Chunk, Lehighton & Slatington Street Railway, which was sold under foreclosure in April, 1904. Capital stock $354,000. par $50. a share. The Carbon Street Railway Co. made a mortgage to the Mauch Chunck Trust Company, Trustee, to secure an issue of $75,000. first mortgage 5% bonds dated April 1, 1905, due April 1, 1925 and at that time the officers were as follows: Col. Harry C. Trexler, president and director; J. M. Driesbach, secretary and treasurer; Andrew S. Keck, vice president and director. The Carbon Street Railway Company property was placed in the hands of a receiver and its property subsequently sold at foreclosure on May 16, 1908. At the receiver's sale the entire property including the trolley road from Mauch Chunk to Lehighton, power house, etc., was bid in for $20,000. by representatives of the Bondholders Committee. The Carbon Transit Company was organized in July, 1908, under the laws of Pennsylvania as a reorganization of the Carbon Street Railway and we do not find that any provision was made for the old capital stock of the latter company. Therefore as the property was sold at foreclosure for $20,000. subject to a $75,000. mortgage we assume that the capital stock was wiped out and that it is of no value. The Mauch Chunk Trust Co. of Mauch Chunk, Penna., informed us that the stock of this company had no equity after the sale and is without value.

Carolina Company, Carolina, R. I. Incorporated in 1914 with a capital of $450,000. The company was engaged in the business of manufacturing woolens for men and women. The plant had 9 sets of cards, 48 broad looms, 2 pickers, 4 boilers and employed 175 people in 1927. President, John R. Hinchliffe; Secretary, Ronald G. Hinchliffe; Buyer, William Hinchliffe; Agent, Campbell & Lunch, N. Y. C. (out of business). The Washington Trust Co. of Hope Valley, R. I. informed us on Aug. 3, 1935 that the stock of the Carolina Co. is worthless. Ahead of the stock is a very large bond issue on the plant. Even the bonds are of no value because the property was sold for taxes some time ago.

Castle Realty Company. Mr. Harvard Castle whose last known address was 1155 University Avenue, Rochester, N. Y. was President of the company. We understand that he is at present employed by a Hospital Supply Company in Rochester owned principally by a Mr. Castle. This company went out of business about 1925. It was formed to buy real estate in Florida. As the holdings were mortgaged and being unable to pay interest on the mortgages the several properties were either taken over by the mortgagees or foreclosed. At one time Mr. I. N. Williams was secretary of the company and may have been so at the time it wound up its business. He made an investigation as to the value of its holdings at the request of the stockholders of the company at a meeting called in New York and made a report to the stockholders. It was decided to drop the matter and regard the stock as worthless. Mr. I. N. Williams address Feb. 17, 1936 was Hotel Ames, St. Petersburg, Fla.

Central American Steamship Co. The American Consular Service at San Jose, Costa Rica, informed us that an investigation conducted by their office revealed no company by this name as operating in Costa Rican waters, nor ascertained that such a company was ever an operator of steamships in their vicinity. In view of the fact that our company appraised the shares at no value in 1919 we submit the shares as such as of this time.

Central Appalachian Co., Ltd. Incorporated in Kentucky on May 21, 1894 and was located at Pineville, Ky. The secretary of the company Joseph C. Willetts, was located at 16 Exchange Place, New York City. No reports were ever filed with the State of Kentucky. Our "Directory of Directors" for 1902 lists Mr. Willetts, but did not find this company among the companies of which he was a director. Our "Copartnership & Corporation Directory" for 1901 does not list this corporation. Apparently the company went out of business and ceased to exist before 1901.

Central Appalachian Co., Ltd. The Fordson Coal Co. of Peabody, Ky. informed us that on August 5, 1892 this company purchased from the Kentucky Coal Iron & Development Co. certain land located in Clay and Leslie Counties of Kentucky. The company sold these same lands on Nov. 1, 1894 to the International Development Co. We have been unable to find what disposition was made for the stockholders. We were referred to Mr. J. C. Jones, an attorney, located at Frankfort, Ky., who would have further information regarding the final winding up of the company. Mr. Jones has not answered our letters. It is our opinion however that the shares have no value at this time.

Central Arizona Electric Co. Incorporated in Arizona and according to reports in 1913 the company was in the process of constructing a power plant at Wickenburg, Ariz. The main office of the company was located at Wickenburg; the treasurers office was located at Chicago, Ill., in care of Frank Little. The funded debt of the company amounted to $100,000. These bonds were guaranteed by the Octave Mining Co. The company's charter expired by limitation in 1932. The Public Utility records of the State of Arizona do not list this company. It is our opinion that the shares are worthless.

Central Bank of Commerce, Ltd. We received the following communication from the above bank on July 17, 1935 as follows: "We acknowledge receipt of your letter of June 28th in which you inquire about the value of the shares of our bank as of July 25, 1933. Our statement of condition as of June 30, 1933 indicates the following book value. "One Egyptian Pound par Pal. Pds. 1.207; Five Egyptian Pds. par Pal. Pds. 6.035. The book value of our shares has not changed between June 30th and July 25, 1933. The present book value of our shares is much higher at present, however, in view of the fact that we have no open market for bank-shares or other securities of any financial or business undertaking, our shares are being sold at par: One Egyp. Pound and Five Egyp. Pounds par shares are sold for Pal. Pounds 1.026 and 5.128 respectively."

Central Bottling Company. Incorporated in Ohio and was located at 167 E. Central Avenue, Toledo, Ohio, and Lawrence Lewandowski was general manager. Mr. S. E. Krysaniak who we believe was a former officer of the company informed our correspondent in Toledo that this company failed about 15 years ago, at which time the company was dissolved. Mr. Krysaniak further stated that the stock has no present value, and that there were no assets at the time the company failed. The stock in our opinion has no value. Mr. Krysaniak operates Krysaniak's Drug Store at 3037 Stickney Avenue, Toledo, Ohio.

Central Copper Company. According to reports the assets and liabilities of this company were transferred to the Southwestern Securities Corporation (Arizona). The company is delinquent in filing state reports. Several years ago the property of the Central Copper Co., in Cochise County, Arizona, was sold for taxes and a certificate of sale was issued to J. B. Cook, who is now bringing suit through the courts of Cochise County for a deed to be issued in his name to the property for non-payment of delinquent taxes by the defendants, Central Copper Co., and Southwestern Securities Corporation. Mr. T. N. McCauley, 3902 W. 6th Street, Los Angeles, appears to be the only surviving officer of the company. (9/15/1936.)

Central Hudson Steamboat Company. Incorporated in New York State in 1899 and went into receivers hands in 1927. The company operated the day and night line boats running on the Hudson River. The property at Newburgh, N. Y. was purchased by The Hudson River Day Line at receivers sale on May 11, 1929 for $326,000. plus $50,000. due in interest and taxes, or a total of $326,000. There were outstanding $297,000. of 1st. Mtge. bonds and about half a million of Ref. 5's. According to the above amount received, there was not enough to cover the 1st. Mtge. bonds, leaving no equity whatsoever for the Ref. 5's. and the Pfd. and Common stocks, which are without value.

Central Improvement Co. Incorporated in West Virginia on August 30, 1890 and had its principal office in New York City. The Auditor's office of the State of West Virginia informed us that the company has not paid a license tax for many years, and is evidently out of existence. We found no value to the stock and therefore believe the shares are without value.

Certigue Mining & Dredging Co. Incorporated in South Dakota and according to a report dated March 26, 1910, the company was in debt to the extent of $34,000. An additional $30,000. was required to determine the value of the company's property and carry on operations. The company asked the stockholders to contribute $16. for each 100 shares held. The outlook was so uncertain that the shareholders failed to contribute any further capital, which disrupted the company and eliminated whatever value the shares possessed. The term of existence of the company expired by limitation of its charter in 1923. We do not attach any value to the stock.

last annual report filed for the year 1931 was 115 Broadway, New York City, and the following were the last known officers: D. W. Webb, Pres., Miami, Florida; A. V. Sheehan, Secy.; M. W. Miller, Treas. We understand that Townsend & Meloy, located at 155 E. 44th Street, New York City, promoted the company. Mr. D. W. Webb, located at 212 Shoreland Building, Miami, Florida, informed us on May 5, 1936, that the corporation has been inactive since 1932. Its principal subsidiary corporation was liquidated in November, 1932, and according to Mr. Webb, the company has been without assets and liabilities, and its shares have had no value since 1932. In view of the above the shares first became worthless in 1932.

Chanute Cement & Clay Product Co. Value of Interim 1st Mtge. 6% bond due 1925 with December 1, 1909 and subsequent coupons attached. Incorporated in Maine in 1904 and made a mortgage to the Cleveland Trust Company as trustee, to secure the $2,000,000. of 6% bonds dated 1905, which in March, 1907 there were $750,000. outstanding and $100,000. in reserve. In August 1909 the property was placed in receivers hands. It was reported that the property was sold in March, 1910 for $75,000. The following letter was received from the Cleveland Trust Company on June 14, 1935. "With reference to bonds of the Chanute Cement and Clay Products Company, the company was placed in bankruptcy and in March, 1910 its property located in the State of Kansas was sold by the Trustee in Bankruptcy, and we are informed that the proceeds were only sufficient to pay costs and mechanics' liens which were prior to the lien of the bonds. The property of the company located in the states of Ohio and Michigan was sold by the Trustee in Bankruptcy but did not bring sufficient to pay an issue of $100,000. underlying bonds. It appears that there were other bonds prior to the 1st mtge. bonds of this company, probably 1st mtge. bonds of a subsidiary that had a prior lien. The bonds in our opinion are worthless.

Chicago Bank of Commere. Chicago, Ill. Organized under Illinois laws in January 1930. The bank was closed on June 24, 1932 and Wm. L. O'Connell was appointed receiver. To January 1, 1935 depositors had received dividends of 10%. A report covering the period from date of closing (June 24, 1932) to Sept. 30, 1935 showed total receipts of $2,895,644; claims paid $758,645.; paid depositors 10% (431,909.); due unsecured creditors $4,082,458.; remaining resources $6,061,963. Up to Sept. 30, 1935 the assets at their book figures were in excess of liabilities. It would be impossible at this time to determine whether the liabilities will be paid in full or any equity will remain for the stockholders, 12/17/1935.

Chicago Bank of Commerce (Chicago, Ill.). Charles H. Albers, Receiver of the above bank, located at 7 South Dearborn Street, Chicago, Ill. informed us as follows, on Dec. 16, 1936. " . relative to the value of the stock of the closed Chicago Bank of Commerce, I wish to advise that to date the Chicago Bank of Commerce has paid the following general dividends: 10% paid as of Dec. 12, 1934; 5% paid as of Dec. 17, 1935. Another general dividend of 10% will be paid before the end of this year (1936), which will make a total payment in all to date, of 25%. Liquidation of the assets is steadily continuing however, among the assets are considerable real estate mortgages and, of course, it depends upon the market as to how rapidly the liquidation of these mortgages will take place. To the best of my knowledge and belief, the assets of the closed bank will never be liquidated in sufficient amount to pay the liabilities in full, and consequently, I am of the opinion that the stock is worthless. Stockholders' liability suit is pending in the Chicago Bank of Commerce and for any information relative to this suit, I would suggest that you communicate with the receiver therein, Mr. John A. Whalen, 616 S. Michigan Ave., Chicago, Ill."

Chicago Bank of Commerce, Chicago, Ill. Supplementing our previous report of Dec. 21, 1936, Mr. Lawrence Nelson, Jr. of Schuyler, Weinfeld & Hennessy located in Chicago, Ill. in the Continental Illinois Bank Building informed us as follows on December 30th, 1936. "Mr. John A. Whalen has forwarded to us for reply your letter addressed to him under date December 21st, 1936, in regard to the stock of the Chicago Bank of Commerce. The Chicago Bank of Commerce was closed by order of the Auditor of Public Accounts of the State of Illinois on June 25th, 1932. A Receiver for the bank was appointed by the Auditor on June 28th, 1932. Several creditors of the Chicago Bank of Commerce filed suits for the enforcement of stockholders' liability on June 25th, 1932. The suits were consolidated and Mr. Whalen subsequently was appointed Receiver in the consolidated suit for the purpose of collecting the amounts found to be due from the various stockholders. Charles H. Albers is now the duly authorized and acting Receiver of the bank corporation which is in liquidation. The stockholders' liability suit is now pending before Master in Chancery as to those stockholders who appeared and defended the action. A default decree was taken against the other stockholders."

Chicago & Pacific Railroad. It appears that on May 22, 1876 an order was entered in the Circuit Court for the Northern District of Illinois appointing a Receiver for the Chicago and Pacific Railroad. The sale of the railroad took place about May 1, 1879 and was purchased by John I. Blair for $1,000,000. During the year 1880 the Chicago, Milwaukee, St. Paul & Pacific Railroad Company acquired the property of the Chicago and Pacific Railway, 89 miles from Chicago to Rock River, Ill. There is no reference in the records of the Chicago, Milwaukee & St. Paul Railway Company in regard to assuming payment of the first mortgage bonds issued October 1872 nor is there any reference to them in the recent reorganization. It is our opinion that the bonds have no value.

Chicago Packing & Provision Co. In liquidation the bonds received $110. and interest; preferred stock received $46.21 per share. Nothing was paid on the common stock which is worthless.

The Chicago, Wilmington & Franklin Coal Co. located at 49 Federal St., Boston, Mass. informed us on Nov. 23, 1936 that this company went into receiver's hands in 1914 and its property was sold. The company was dissolved shortly thereafter and its stock, of course, has had no value since 1914.

Chicago, Wisconsin & Minnesota RR. First 6% bonds are worth $1100. per $1000. bond. Income 5% bonds received $925. per $1000. bond. 8% Imp. Notes received par. Preferred stock liquidated at $78. and common at $18. per share.

Chihuahua & Sinaloa Development Co. Company incorporated with capital of $7,000,000 par $100. each. Owned claims in Mexico. Officers: A. E. Stillwell, President; E. E. Holmes, Vice President; J. Crosland Taylor, Sec'y.; E. S. Mosher, Asst. Sec'y. Office in Kansas City, Mo. in 1908. No development work ever was done. The whole situation seems to have been a stock selling scheme. When the Kansas City, Mexico and Orient R.R. Co. went out of business it listed in its assets the Chihuahua and Sinaloa Development Company. When the entire assets of the railroad were sold the bondholders received little, if anything, on their investment. The mining property was practically worthless. In Dec. 1927, 25 shares sold at auction for $1. We submit the stock as worthless.

Chickasaw Refining Company. Value of Pfd. stock dated 1919. Incorporated under the laws of the State of Delaware in 1922 and was reorganized in August, 1922, as the Sante Fe Oil & Refining Company. Preferred stockholders received one share of new no par common for each 5 shares held, and were given the right to subscribe for additional stock at $2.25 per share. There was no provision made for the common stock which is entirely worthless. On January 23, 1926 it was reported that trading in the stock of the company on the New York Curb had been suspended. Shortly afterwards the company was reported out of business. The company had an office at 60 Broadway, N. Y. C. and a refinery at Ardmore, Okla. President, James A. Cotner; Treasurer, J. F. Sitler. Banks at Ardmore and Oklahoma City have no record of this company. We believe the shares are entirely worthless.

Cincinnati, Washington & Baltimore RR. Property sold under foreclosure on Dec. 19, 1889, pursuant to a Court Decree entered July 18, 1889. The proceeds of the sale were directed to be applied first, to payment of a judgment of the Baltimore & Ohio Railroad Company; second, to the payment of so-called Prior Lien Bonds and coupons; and third, to the payment of the First Mortgage Bonds and coupons. This exhausted the proceeds of the sale, and consequently there was nothing left for any of the junior mortgages of which the First Income Mortgage was one.

Cincinnati Water Works Co. Value of any outstanding securities not determined.

Cincinnati & Westwood RR. On Aug 29, 1936, Louis Nippert, Trustee for bondholders, asked Common Pleas Court at Cincinnati to foreclose a mortgage executed 45 years ago.

Citizens Finance Co of Missouri. This corporation forfeited its charter on January 1, 1935, for failure to file annual registration report for the year 1934. Referring to the folder, John C. Tobin, Security Bldg. St. Louis, Mo. was attorney at the time of incorporation. As evidenced by annual registration report for 1933, William A. Brophy was President; D. H. Watson, Secretary; W. D. Hart, Treasurer. The corporate address of the company was 1111 Federal Commerce Trust Bldg. St. Louis, Mo. Mr. Brophy, who is located at Empire State Bldg. New York City informed us that he was president from July 1, to Nov. 1, 1933 and knows nothing further concerning the company. The Business Securities Corporation of 122 E. 42nd St., New York City obtained control of the company on January 31, 1928. In 1931 the Business Securities Corporation was still in existence. It would appear that the stock first became worthless in 1934 when the company failed to file its report.

Clifty Consolidated Coal Co. Incorporated in Maine and is an active corporation. The officers as stated in their 1935 return are as follows: President, Norman N. Fowler, Holyoke, Mass.; Treasurer, Edwin G. Rude, Springfield, Mass. Mr. Fowler informed us that in his opinion the common shares of this company are valueless. The company has a bond issue outstanding which Mr. Fowler stated will probably never be paid and also a preferred stock issue that rates ahead of the common. In view of the above we assume that the corporation's common shares have no value.

Climax Corporation, (N. Y.). This corporation is still located at Batavia, N. Y. "We understand that the company is in good condition financially and while business has been poor for some time and they have probably operated at a loss, their bank indebtedness has been cleared up and they are in a position to benefit with any improvement in farming conditions." (4/9/1934.)

Climax Corporation. Supplementing our report rendered on April 9th, regarding the Climax Corporation, a New York Corporation, we have received the following information. There was a Climax Corporation of Maryland, which indirectly obtained an option to purchase the stock of the New York Corporation. This option, however, was never exercised and nothing was ever paid on it. The Climax Corporation of Maryland is defunct, and believe the shares worthless.

Climax Leather Goods Company, Inc. N. Y. 1933.

Climax Tube Company. Incorporated in Maine and is located at Mystic, Conn. Mr. G. W. Blunt White, President, informed us that the preferred shares would not have brought more than $40. per share as of Jan. 30, 1934 even though offered for sale to parties already interested in the company. Therefore deponent submits $40. per share as a fair value for the preferred stock as of Jan. 30, 1934.

Dodd. Mr. McGraw informed us on Nov. 26th, as follows: "The only asset we knew the Club Building Co. to possess was an intangible one consisting of a possible equity over the mortgage in the building 136 W. 44th St. occupied by Alpha Delta Phi Club." The shares have no market value at this time (1935). We are informed that the shares are held by members and a good many have given their shares back to the Club.

Coahuila Mining & Smelting Co. of Delaware. Incorporated in Delaware and is no longer in existence, having filed dissolution proceedings on December 29, 1920. The 1920 annual report showed the following officer: Treasurer, Archibald Cattrell, Chicago, Ill.

Coahuila Mining & Smelting Co. of Delaware. Supplementing our previous reports, we received the following letter from Mr. Catrell dated Oct. 18, 1935. " . . in regard to Coahuila Mining & Smelting Co. of Delaware, beg to say that it is my recollection that the Coahuila Mining & Smelting Co. of Delaware was liquidated completely many years ago. Mr. Walter E. Parker was the substance of both the Coahuila Mining & Smelting Co. of Delaware and of Mexico. After he died, his office shipped the old books to me, but they being in Spanish are not of much use to me. It is my belief that all of the properties of the Mexico corporation had either been confiscated by or had reverted to the Government some time before Mr. Parker's death, except a small amount of personal property which I have reduced to cash and which I am holding until I can find some way of distributing it without it costing more to distribute than it is worth. In my opinion, therefore, the stock of the Delaware Company has no value and that of the Mexico Company substantially none."

Coahuila Mining & Smelting Co. of Mexico. Incorporated in Mexico in January 1902 and had an office at 614 Penobscot Bldg. Detroit, Mich. The company claimed to own land at Mapimi, Mexico. The revolution in Mexico stopped all mining in Coahuila and all mines were closed down in 1909. Secretary Walter E. Parker, 668 Penobscot Bldg., Detroit, Mich. We found no value to the stock and therefore believe the shares are without value.

my information that members of the Alverson family originally incorporated this company, but within a short time they sold and disposed of the stock and all of the assets to Eugene Simmerman, who later organized several corporations in which the assets of this company were included, the last being the North Alabama Mining & Railway Co. The property is now owned by the Wattsville Coal & Iron Co. of Wattsville, Ala.

Cobalt Contact Silver Mines Ltd. Incorporated in Toronto, Ontario. Officers in 1907 were: F. W. Davis, 44 Broadway, N. Y. C., President; E. S. Snow, 186 Webster Ave., Bklyn., N. Y. Secretary; H. M. Kaster, 44 Broadway, N. Y. C., Treasurer. Office Room 313 Continental Life Bldg., Toronto. In 1912 it was reported the company was not doing business and was wound up a considerable time ago. It would appear that the company has been inactive for a number of years and its stock worthless.
Cobalt Silver Queen, Ltd. We addressed a letter to the company at 615 Longe St., Toronto, Ont. on Nov. 23, 1936 and was informed on Dec. 9, 1936 that the company had been out of business since 1912 and that the shares have no value.

Colima Lumber Company. Incorporated under the laws of the State of N. Y., and was engaged in the lumber business. Mr. Lewis Cass Ledyard, Jr., informed us on Feb. 13, 1920, that the bankers for the company were Messrs Potter, Choat & Prentiss, since succeeded by Potter Brothers & Co. and now is associated with Munds, Winslow & Potter. At that time Mr. Ledyard was informed that the bonds and stock had no value. The property we understand was abandoned on account of the disturbances in Mexico and it was finally foreclosed and sold for an amount that was less than the receivers' expenses, leaving no equity for the bondholders.

Colonial Syndicate, Ltd. Incorporated in Delaware and is in existence and good standing with offices in care of W. Nephew King, 1279 Bedford Ave., Brooklyn, N. Y. W. Nephew King, Pres., whose residence is 882 Park Place, Brooklyn, N. Y. The last sale we found of the capital stock was when 500 shares were sold at auction on Dec. 13, 1933 at $7. for the lot. We have written several letters to Mr. King which have not been answered nor returned. The company and the President are not listed in the telephone directory. Perhaps a letter from the stockholder will obtain the required information. (1935.)

Color Pictures, Inc. Stock has a liquidating value of 52c per share. Previously the stockholders received two shares of new stock for each five shares held plus 60c in cash for each share held.

Colora Canning Co. Md. 1934

Colorado Coal & Iron Dev. Co. Holders of Coll. Trust 6% bonds due 1897 received 20% from the sale of lands. We understand that a further payment was made.

Colorado Consolidated Mines Co. Incorporated under the laws of the State of Colorado and expired by limitation on Feb. 13, 1928 and has not been renewed. We searched our mining books back to 1908 and found no record of this company's operations nor any value to the stock. The shares in our opinion are without value. The Utah corporation of this name is located at Salt Lake City and its shares are worth about 2 cents per share. (1935.)

Colorado Electro-Chlorination Co. Incorporated in Colorado in 1901 and expired by limitation on Oct. 19, 1920, and has not been renewed. In 1901 the U. S. Investor reported that very pretentious claims were made by the promoters, but actual performance of their process on a commercial scale was long delayed. The U. S. Investor also stated that as the process was not proven, they would not put a dollar into it. The process apparently failed as nothing further was heard from the company. We believe the shares are worthless.

Colorado Gas & Fuel Co. Del. 1935.

Colorado Midland Ry. Co. Unstamped bonds worth $85.55 per $1000. bond. We also understand that V. T. C. for Preferred and Common stock have a liquidating value of $30. and $12.50 per share respectively.

Colorado Natural Gas Co. Del. 1935.

Colorado Railway Light & Power Company. Incorporated December 21, 1909 in Colorado and was located at Trinidad, Colorado. About 1911, a receiver was appointed for the company by the Federal Court at Denver, Colorado. On August 2, 1911, the property was sold at foreclosure sale at Trinidad, Colo. for $750,000. There were outstanding $1,860,000. of First Mortgage 5% Bonds that probably received about 40 percent of par leaving no equity for stock, which is without value.

Colorado River Engineering & Dev. Co. Del. 1935.

Colorado Springs & Cripple Creek District Ry. First 5% bonds received $650. per $1000. deposited bond. There may have been another $100. paid.

Colorado Springs Electric Co. First 5% bonds due 1920 may have a value of $900. per $1000. bond.

Colorado Springs Light Heat & Power Co. We believe that funds may still be obtained on unstamped bonds of this company.

Colorado State Mining Co. Incorporated in New York about 1876 and had an office in New York City. In 1911 the company was reported as extinct and the stock as worthless. Therefore, we submit the shares as having no value.

Colorado, Wyoming & Eastern Railway Co. The Laramie, North Park & Western Railroad Company, located at 15 Broad Street, New York City, informed us on April 4, 1930, that no provision was made for the General Mortgage Income 6% bonds of this company in the reorganization except upon payment of an assessment. Therefore, there was no equity left for the capital stock which is entirely worthless. The charter of the company was forfeited on Sept. 17, 1929 and has not been renewed. In view of the above we submit the common stock as worthless.

Commercial Mining & Milling Co. First Mtge. 20 yr. 6% gold bonds. These bonds are dated March, 1911 and due March 1, 1931. Companys circular of 1911 stated that these bonds were a first mortgage on all the property of the company now owned or to be acquired consisting at that time of 6,320 acres situated in the Pocahontas Coal Field of West Virginia, together with certain timber property. This company was a coal mining promotion which we understand purchased its charter in 1903. These bonds were offered for sale by the company and by E. B. Staggers, trustee in 1911 at par and interest. At that time, E. B. Staggers, the trustee, was located at 1420 Chestnut St., Phila., Penna. but no trace of Mr. Staggers at that address can be found by representative. At the time these bonds were offered for sale A. E. Woods, mining engineer, reported in part as follows: "the property consisted of a coal and timber tract of about 6,320 acres along the top of Pine Mountain Range, in McDowell County, W. Va. He estimated the coal under the tract as 44,000,000 tons and the lumber as 20,000,000 feet of board measure. Also that the property was not reached by a railroad. At the time the bonds were offered for sale we reported that no earnings are obtainable and we should think from the general outlook of things that this could be a good proposition to steer clear of". No trace of the company can be found for several years and bankers of McDowell County, W. Va. state that they never heard of this company nor Pine Mountain Range and that they do not believe any such range of land exists. It is our opinion that the bonds are worthless.

Consolidated Arizona Smelting Co. 5% Income bonds due 1939 were reported to have received $25. on each $500. bond on November 16, 1916 and April 16, 1918.

Consolidated Arizona Smelting Co. Incorporated in Maine on December 22, 1908 with a capital of $9,200,000. par $5. Stock was once listed on the Boston and New York Curb. On December 24, 1920, G. M. Colvocosesses was appointed receiver and on April 7, 1922 the property was sold. In the reorganization company changed its name to South West Metals Co. and one share of Cons. Arizona stock plus an assessment of 40c per share received one fortieth share of the South West Metals. This exchange was offered in June, 1921 and we understand that a great proportion of the stock was acquired by the company in this way. In view of the above and the assessment we do not consider this stock to be of any value today and it is reported that the time limit for making this exchange expired some years ago.

Consolidated Arizona Smelting Co., (N. J.). Incorporated under the laws of the State of New Jersey (P $10. each). We were advised by Consolidated Arizona Smelting Company of Arizona that the company went out of business in the spring of 1909. It is our opinion that the shares are worthless.

Consolidated Smelting & Metals Corp. 3553 Wazee Street, Denver, Colo. With reference to your letter of February 18, the above company is at present engaged in a program of mill construction at Idaho Springs, Colorado, for the purpose of treating ore from its Black Eagle Mine located in the same township. The Company is also drilling for oil at Haswell, Colo. having a well down to a depth of approximately 19,000 feet with strong gas pressure showing. In our opinion a well will be brought in at this location. The corporation owns outright fourteen silver properties in Clear Creek County, Colo. on two of which there are mills, one of 250 tons daily capacity, and the other 75 tons daily capacity. These mills at the present time are not in

operation because of the fact that the low price of silver will not permit making a profit. Should the prices of silver, lead and zinc rise to a normal figure, these mines would start operation immediately as they have been kept in first class shape and most of them have past production records of many millions. The company is thoroughly solvent and has no debt except current expenses which are being taken care of promptly as they become due. (1936.)

Continental American Bankshares Corp. Incorporated in Delaware and was located at 43 Exchange Place, N. Y. C. Mr. I. C. Holm, of N. Y. C. former Secretary of the company informed us as follows: The Control stock of the above corporation was sold by the interests with which I was associated on or about Oct. 3, 1930 and it was my understanding that the same was acquired by S. P. Woodward & Co. through a nominee. On that date, I with the other then directors and officers resigned and since that time I have had no connection with this corporation, other than as a stockholder. I have no knowledge of the officers of the corporation subsequent to my resignation as secretary but I am informed by the New York Attorney General's office that considerably after the above, the new officers and directors purchased the equity in some apartment house in Brooklyn and that these were subsequently foreclosed resulting in the insolvency of the corporation. I am also informed by the Attorney General that he started an action by the People of the State of N. Y. against S. P. Woodward & Co. and the new officers and directors in the Supreme Court, Kings County, on or about June 5, 1933 based on the above transaction but that the case never came to trial. As a stockholder in the above company I have come to the conclusion that the corporation is insolvent and that the stock is of no value and I have accordingly dropped the stock which I purchased at the organization of the company and prior to my becoming secretary. Continental Gold Mining Company. Incorporated in Oregon and was dissolved by Proclamation on January 5, 1914. In 1910, Mr. W. B. Stewart was President and the company was located at Miggett, Douglas County, Ore. According to the mining reports the company was doing development work. In 1911 no further trace of the company could be found. The company apparently did not get beyond the development state. We found no value to the stock and therefore believe the shares are without value.

The Cortland County Traction Company was organized June 22, 1901, to take possession of the property of the Cortland & Homer Traction Company, which was placed in the hands of a receiver October 15, 1900. A sale was held April 23, 1901, and the property was purchased by a committee of bondholders for $50,000. in their interests, and the new company was formed to operate the road. At this rate the bondholders only received about $100. per $1000. bond, leaving nothing for the stockholders. It is our opinion that the shares are worthless.

Coxsackie & Greenville Traction Co. Chartered July 28, 1898 and was located at Coxsackie, New York. This company consolidated with the Greene County Traction Company. As of 1906 the road was not constructed. There were outstanding $35,000. of 1st Mortgage bonds that were probably secured by the franchise. The road was never built, and the franchise went to the bondholders. There was no equity left for the stock which is without value.

Cramp Steel Company Ltd. Incorporated in May, 1900 and was located at Collingswood, Ontario. We understand that the company did not meet with success, owing, so it is stated, to a lack of conservative management, and finally ran into debt to such an extent that the property was bought in by the men who had advanced money. A reorganization became imperative and the Northern Iron & Steel Co. Ltd. was organized to take over the property. However, we were advised by Mr. W. A. Copeland, of the Collingswood Branch of the Bank of Toronto, that the Northern Iron & Steel Co. Ltd. never opened for work, and that several years before 1916 the plant and property were sold under foreclosure and there was no equity left for the preferred or common stockholders.

Crane Shale Oil Corporation. Incorporated in Nevada on Nov. 12, 1917 and is now delinquent in the amount of $7.50 for failure to file list of officers and pay penalty for 1934 and 1935. The last reported officers were: President, C. T. Stevenson, 248 Hill St., Reno, Nevada; Secretary, J. B. Humphrey, 206 N. Virginia St., Nevada. Mr. Stevenson, reported to us on June 26, 1935 that the property of this corporation is mortgaged in the sum of $42,123.73 as collateral security for the note of the corporation. All efforts to dispose of the property have failed and the prospect of doing so in the near future is far from favorable. It is therefore our opinion that the shares have little if any value, at this time. (7/1935.)

Croyden Consolidated Mines Trust Ltd. Incorporated in June 1903 under Queensland laws and carried on an investment business in mining companies. The company was located at 2 Broad St. Place E. C. London, England in 1906. A dividend of 1s was paid in 1905. Company was succeeded by United Properties, Ltd. (10/21/1935.)
Croyden Consolidated Mines Trust Ltd. Supplementing our report rendered on Oct. 21, 1935 the Atlas Corporation Ltd. located at 109 Pitt Street, Sydney, Australia informed us that this company was wound up and dissolved years ago so that any outstanding shares are valueless. In view of the above it is our opinion that the United Properties, Ltd. stock was received in exchange for the shares held in this company and as all the stockholders of record of the subject company received their stock of the new company, the old shares have no further value.

Curtis Manufacturing Co. Incorporated in Delaware on April 2, 1931 and is no longer in existence, having become inoperative and void on April 1, 1934, for non-payment of two years taxes. No annual report was filed showing the names of the officers. About Sept. 14, 1932 the stock was suspended from the New York Curb Exchange. On Sept. 18, 1932 there was an article in the New York Tribune dated at Hollywood, Calif. Sept. 16th, to the effect that "W. B. Hambly, President of the company, announced the intention of the company to establish priority rights on letters patent owned and controlled by it on all flexible engine and transmission mountings on passenger cars and commercial vehicles. We have evidence in our office to prove that the whole venture was a stock selling scheme. The Anglin's Financial & Economic Service Inc. sold the stock." The Department of Justice reported on Nov. 14, 1933 that this concern was under investigation by the Post Office Dept. and their information was that the company was out of business. The Better Business Bureau reported on Nov. 21, 1933 that their Long Beach Office failed to find this company. The shares apparently became worthless in 1932 when the trading in the stock was suspended. However, although the shares had a market on the curb in 1932, it would probably have been very difficult to find any assets to justify the quotation.

Cushing Petroleum Corporation. Incorporated under the laws of the State of Delaware in 1919 and was located at 25 Broad Street, Tulsa, Oklahoma. On December 31, 1921, it was reported that the company had defaulted on its $599,600. of debenture bonds, and that the Empire Trust Company, Trustee for the bondholders were to sell the collateral securing the bonds. The collateral did not bring more then about $12,000. which left nothing for the capital stock. In our opinion the shares are worthless.

Cuyamaca Company. Incorporated in March 24, 1904 and is no longer in existence, having become inoperative on Feb. 5, 1908. The company filed its last report in 1904. President, E. B. Tustin, Bloomsburg, Penna. We received the following letter from Mr. Tustin: "Regarding the Cuyamaca Company, I owned and controlled about all the stock; very little of the stock was sold. I put up about $300,000. in payments on the properties and development work on the old Stonewall mine, which was on the Cuyamaco Ranch Property. About 20,400 acres, 60 miles east of San Diego. Before I could carry out my plans I was caught in the panic and could not raise the $86,000 balance of the purchase money mortgage. The California interests finding out I was embarrassed foreclosed the mortgage and took the property away from me. About a year later they offered to give it back to me for the balance of $86,000. on the mortgage plus a $150,000. bonus. I refused. That was about 30 years ago and I have lost track of the properties."

Daugherty Land & Live Stock Co. Incorporated in Texas on June 15, 1886 and was located at Dallas, Texas. The company forfeited its right to do business in 1896.
Daugherty Land & Live Stock Co. Supplementing our previous report, we found no record of this company's operations nor any value to the stock. Our correspondent at Dallas, after an exhaustive search, found no value to the stock. It is our opinion that the shares are without value.
Daugherty Land & Live Stock Co. E. G. Towler, Treasurer of Howard County, Big Spring, Texas, informed us as follows as of Nov. 10, 1936. " after investigating the records in Howard County they have revealed in the County Clerk's office that the records show this party has owned quite a deal of land in Howard County and for grass purposes only. But the records showed no disposition of the property, therefore can not place as to whatever became of it through the county records, but the Howard County Abstract Co. records show that they have made abstracts for this property but as there is quite a lot of it and scattered through so much abstracting records, it would take quite a great deal of time and trouble to look it up and see what became of it and Mr. Andy Walker who is the head of the Abstracting Co. said that he could not afford to trace it up and not being acquainted with his work, I don't feel like I could possibly do you much good in tracing to the final windup of it as it covers quite a few pages but think maybe if you would write to Mr. Andy Walker, of Big Spring, Howard County, Texas that he might under consideration of some pay for his trouble trace it up. Of course this is a matter that you can consider." The Clerk of Howard County informed us that the property was sold through the Federal Court at El Paso, R. E. L. Knight, Master in Chancery.

Dayton Airplane Engine Company. This company was located at Dayton, Ohio, and manufactured the "Dayton Bear" light aircraft engines. In 1930 the company moved its plant to Pawtucket, R. I. On April 9, 1932 the company's stock was suspended from trading on the New York Curb. In May of 1931 a new group headed by Capt. U. V. D'Annunzio and E. Bossi of the American Aeronautical Corp. obtained control of the corporation through an exchange of stock, which resulted in the Dayton company obtaining a controlling interest in the American Aeronautical Corp. as manufacturers of the Savoy-Marchetti Seaplane and owning one of the largest airplane factories in the country, located on the Sound at Port Washington, L. I., was expected to considerably strengthen the Dayton Company. Due to business conditions the American Aeronautical Corp. was placed in the hands of the receivers some months ago, and we have recently been advised that there will be no dividend paid, which means that this company's investment is entirely worthless. The company has no remaining assets and its stock is therefore entirely worthless. (1934.)

Dayton & Ironton Railroad. Value of 6% cum. preferred stock. Consolidated with Dayton, Fort Wayne & Chicago Railway Company in June, 1887. It has been stated that $13,375,000. was issued for the stocks, bonds etc. of the constituent companies. In March, 1888 this road was placed in the hands of a receiver, who subsequently on March 31, 1888 was authorized to issue receiver's certificates to the amount of $369,668. As of June 30, 1888 liabilities were listed at: Current, $575,936.33; bonds, $5,500,000. As of June 30, 1889 current liabilities were $830,269.96. On January 24, 1891 the Cincinnati, Hamilton & Dayton Railroad purchased this company at public auction for $1,453,384. The Cincinnati, Dayton & Ironton Railroad, as part of the purchasing company, was formed to succeed to the property formerly owned by the Dayton, Fort Wayne & Chicago Railway Company, in consideration of a mortgage. There was no provision made for the stock of the Dayton, Fort Wayne & Chicago Railway Company as the funded debt was not paid in full.

Dayton, New Carlisle & St. Paris Traction Co. On August 11, 1900 it was reported that this company had filed a mortgage for $1,350,000, with the Central Realty Bond & Trust Co. of New York as Trustee upon its proposed electric line from Dayton to St. Paris via New Carlisle, a distance of 34 miles. The company had purchased land for a park at Silver Lake, New Carlisle. The Central Realty Bond & Trust Co. was succeeded by the Lawyers Title Insurance and Trust Co. The Tax Commissioner of Ohio informed us that he has no record of this company. The Public Utilities Commission of Ohio informed us that when he assumed jurisdiction over interurban electric railways in 1911 the records did not disclose this company. It is our opinion that the line was not built. We found no value to the bonds and therefore believe they are without value.

Deep Sea Fisheries, Inc. Value of fractional scrip and V. T. C. for common stock. Organized August 31, 1921 in Maine as a reorganization of the East Coast Fisheries Company and the East Coast Fisheries Products Co., Inc. Authorized 450,000 shares capital stock of no par value. No dividends paid. Company was placed in the hands of a receiver in May, 1926. There were also $1,815,250 first gold 8% bonds dated November 1, 1921, due Nov. 1, 1931, Canal National Bank, Portland, Me. trustee. On January 28, 1927 the properties of the company were sold at auction at Rockland, Me. to Harry M. Rice, representing the bondholders for $240,000. Charles P. Gotchiur, was secretary of the bondholders committee with offices at 100 Broadway, N. Y. C. It would therefore appear that the entire property was sold in January, 1927 for less than the bonded indebtedness and interest so that apparently the stock was wiped out. The charter of the corporation as forfeited in 1927.

Deepwater Coal & Iron Corporation. In 1930 when I first inquired into the status of this company, I was informed that the company had been and still was in financial difficulties and was unsuccessful in obtaining any additional capital. I was further informed that the company was selling large parcels of its land at nominal prices in an endeavour to meet such obligations. The money received from these sales it appeared was not sufficient to meet its obligations and the company was placed in receiver's hands in 1930. In view of this information and for the reason that the company could not have realized enough from the sale of its properties it then held to pay its debts in 1929, I reported in the Marvyn Scudder Manual of Extinct or Obsolete Companies, Vol. IV which I edited, that the shares of the Deepwater Coal & Iron Corporation in my opinion became worthless in 1929. The information given me at that time showed the actual condition of the company and there was no question as to the worthlessness of the stock for that year. I had no further communication until October 8, 1934 when I received the following from Hugh M. Morris, an attorney, located at Dupont Bldg., Wilmington, Delaware. "I have your letter of October 2, containing inquiries with respect to the above corporation. You asked particularly when the shares became worthless. We have of course, during the period of the receivership, had a great many inquiries of this character and have continuously followed a policy of making no conclusions as to such date but have merely supplied the facts which we have, from which individual shareholders may determine for themselves when the shares became worthless. I believe you will understand the reason therefore from the following statement. I was appointed Receiver and Ancillary Receiver of the corporation in September, 1930. I knew nothing of the corporation beforehand and, upon investigation, found that, out of original holdings of 390,000 odd acres, there remained something less than 26,000 acres; that the land holdings of the company were indefinite and accurate details were not to be had without considerable investigation; that the capital stock of four subsidiaries had been lost or pledged for loans and only one remained; that the corporation has carried on no business in Alabama since 1927; that the corporation had no properties then producing income to it. Further investigations disclosed that many properties could be redeemed from tax sales or mortgage foreclosure sales at a small fraction of the original purchase price to the corporation. The properties were studied with care and, under the direction of the court, Receiver's Certificates were issued in the amount of $190,000. to obtain funds for the redemption of the more desirable properties. Lands were redeemed, as well as the capital stock of the subsidiary actually engaged in the mining of coal. Upon the termination of the receivership (telegram from Receiver H. M. Morris dated March 25, 1935 states Deepwater Receivership terminated October three, nineteen thirty-four) there were 87,696 acres of land or interests in land, as against 25,000 odd belonging to the corporation at the beginning of the receivership. It was of course contemplated at the time of the redemption of the lands that they could be sold very substantially in excess of the amounts required for redemption. Many efforts were made to obtain purchasers for all or a part of the assets, an attempt at reorganization having failed in 1930, prior to the receivership, and no plans for reorganization having been submitted to the Receiver, a long time was consumed in settling or defeating claims to portions of the lands. During the receivership there were about twenty-five law suits involving the parent corporation or its two subsidiaries. When the properties were finally exposed for sale on June 30, 1934, there were no bidders except the holders of Receiver's Certificates, who purchased the properties for an amount less than the principal amount of the Certificates with accrued interest thereon. Hence, not only did stockholders receive no amounts from the proceeds of sale, but also general creditors. By reason of the great confusion and uncertainty with respect to the property the corporation actually had an interest in, coupled with the depression and the condition of mining operations in Alabama, I have been unwilling to conclude exactly in what year the stock became worthless." This additional information was not incorporated in our report in Volume IV for the reason that it had gone to press about December 18, 1933. The above information convinces me conclusively that the shares of the Deepwater Coal & Iron Corporation became worthless at the time its entire properties were sold in June 1934 when the amount received was less than the principal amount of Receiver's Certificates outstanding, which left no equity for the general creditors or stockholders. The above letter clearly points out that if the company had not redeemed the 62,696 acres of its more desirable properties it had previously sold at nominal prices, there would be no question as to the worthlessness of the stock in 1929. However, as the company did redeem 62,696 acres, making its total holdings 87,696 acres, no one could foresee what prices these properties would bring until actually offered for sale. Therefore, as the properties were not sold until June 30, 1934, and the amount received was insufficient to pay the Receiver's Certificates in full and that the Receivership was not terminated until October 3, 1934 it is my opinion that the shares became worthless in 1934 and the investment should be allowed as a deduction for that year.

Deepwater Coal & Iron Corporation. The Honorable Hugh M. Morris, Receiver and Ancillary Receiver for the corporation informed me that the inventory of the estate and property of the corporation as shown by the books, filed in the Court of Chancery of the State of Delaware in and for New Castle County on February 25, 1931, was the best obtainable at the time, but it was discovered that a great deal of it was inaccurate. The records, according to the Receiver were in such a confused state that it took years to arrive at conclusions of any definite nature. It was necessary that the receivership be continued over an extended period of years to settle the many claims against the subsidiaries and the corporation itself. Otherwise, the incident law suits attached to the properties would have greatly depressed their possible sale value. From the receiver's examination of the books and accounts of the corporation, he found them in a confused and, in many instances, unintelligible condition. The final report of the receiver dated July 25, 1934 discloses the condition of the corporation at the time of the institution of receivership proceedings, the facts in which were ascertained after considerable investigation. The final report of the receiver disclosed the following statement as of December 20, 1930.

ASSETS	
Coal Lands	
Nauroo Mines	$ 148,155.00
Stripping	45,000.00
Manchester	75,560.00
Mill Creek	102,160.00
Warrior River	50,080.00
Wild Lands	213,349.00
650 shares Alabama Central stock	75,000.00
Furniture & Fixtures	2,073.00
Accounts Receivable	
Advances for payment of Alabama State Franchise Tax for Cullman Coal Co.	50.00
Deepwater Black Creek Coal Co.	3,844.55
Alabama Rock Asphalt Co. (notes)	120,808.77
	$ 836,080.65

Out of the corporation's original holdings of 396,686.17 acres there remained 25,173.87 acres at the beginning of the receivership. At the time the corporation was placed in receiver's hands, it had redemption rights, which had not expired, to redeem certain lands which had been lost prior to the receivership. These properties, I have listed below, are shown at the original cost to the corporation and the price at which said properties could be redeemed in September, 1930.

Property	Original Cost to Company	Redemption Price
Mattingly Tract (54,000 acres)	$ 500,000.00	$ 21,386.22
McCormick Tract (12,028 acres)	599,163.53	141,423.43
Lockhardt Tract (14,852 acres)	850,000.00	289,000.00
	$ 1,949,163.53	$ 451,809.65

The above assets did not include the corporation's equities in the Mattingly, McCormick and Lockhardt Tracts, which amounted to $1,497,353.88. It is my opinion that the corporation's equities in these properties were worth what the corporation paid for them and should be listed as assets of the Deepwater Coal & Iron Corporation as of December 20, 1930.

The additional assets of	$ 1,497,353.88
so adjusted together with the previously reported assets of	836,080.65
totaled as of December 20, 1930.	$ 2,333,434.53

The receiver reported claims of $2,968,679.33 against the corporation as of December 20, 1930. Exceptions were filed to claims aggregating $2,301,269.74. The major part of said claims was not allowed according to information received. In view of the above, I believe that the capital stock had a substantial equity as of December 31, 1930. This belief is further confirmed by the report of the United States Bureau of Mines, Department of Commerce, published by the Commercial and Financial Chronicle on December 27, 1930, that the total production of soft coal for the country as a whole during the week ended December 6, 1930 was estimated at 9,607,000 net tons. This was an increase of 902,000 tons over the output in the previous week. The production of coal of the State of Alabama for the week ending December 6, 1930 amounted to 295,000 net tons. This was an increase of 75,000 net tons over the output in the previous week. The total production of soft coal for the year 1931 was greatly in excess of the year 1930. These figures show that the soft coal industry in general was on the upward trend since the beginning of the receivership in 1930. In addition, the receiver's final report disclosed the following: "Lester A. Pratt et al V Deepwater Coal & Iron Corporation. Petition of Pratt and others in the District Court of the United States for the Northern District

Name State Date Charter Forfeited

of Alabama, praying that Deepwater Coal & Iron Corporation be adjudicated a bankrupt was filed in September, 1931. A motion to quash the service was granted and the case was dismissed." Taxes against the lands and interests in realty of the Deepwater Coal and Iron Corporation were paid up to January 1, 1933. Taking into consideration all of the above factors I am of the opinion that the shares of stock of the Deepwater Coal & Iron Corporation first became worthless on June 30, 1934, when the amount received for the assets was less than the outstanding indebtedness. The sale was subsequently confirmed by the Court of Chancery of the State of Delaware in and for New Castle County and by the District Court of the United States for the Northern District of Alabama.

Deppe Motors Corp. Incorporated in Delaware and was engaged in the "superheat Gas Engine" methods with an office at 149 Church St., N. Y. C. in 1927. President, Wm. P. Deppe; Vice Pres., W. E. S. Strong; Secretary, N. D. Lancaster; Treasurer, G. B. French; Director, Arthur Young. The corporation was listed in R. L. Polk's Corporation Directory for the year 1933, but was not listed in 1934. Undoubtedly, the corporation went out of business in 1933. The opinion of Judge Runyon in the U. S. District Court at Newark, N. J. in the case of Wm. P. Deppe and Deppe Motors Corporation vs. General Motors Corporation held that patents granted to Deppe in 1920 set forth a fundamentally new conception of the treatment of air and fuel mixtures for gasoline engines against General Motors contention that they were nothing more than specific improvements. Mr. Deppe informed us that the company was liquidated in February, 1933, at which time it had no assets and its stock was without value. The Deppe Motors Corporation had exclusive rights to the patents of Mr. Deppe until it was dissolved. Mr. Deppe informed us that his litigation against General Motors is nearing a close and if he is successful in obtaining any settlement from General Motors he will make a gift of part of said settlement to the stockholders of the Deppe Motors Corporation although he states he is under no obligation to do so. The shares in this case have only a problematical value if Mr. Deppe does not have a change in mind. (1936.)

Diamond Point Mining & Milling Co. This company had its principal office in Chicago and owned a mine at Galena, near Deadwood, S. D. The claim was staked by Isaac Turgoose, who thought it was worth while to form a company. As far as our records show it was merely a stock selling scheme, for the company only received $4,000. for development out of over a $1,000,000. received from the sale of stock. This mine is nothing more than a hole in the ground and is entirely worthless. We submit the shares as worthless as of July 10, 1934.

This company changed its name in 1919 to the U. S. Food Products Corporation and this latter corporation was declared bankrupt in February, 1922; all of its assets have been disposed of; the claims of all creditors have not been paid in full; the corporation has ceased to perform any of its corporate functions; and the stock has no market value today. The properties pledged to secure the obligations of the corporation were reorganized and certain privileges, but not rights were extended to holders of stock of the U. S. Food Products Corporation. These privileges, however, expired February 11, 1924.

The company had its principal office at 15 Exchange Place, Jersey City, N. J. Treasurer, R. E. Carrich, 420 Madison Ave., N. Y. C. Mr. Carrick informed us on Oct. 22, 1934 that it is his belief that the stock has no value. The company had leaseholds only on certain mines in New Jersey under war conditions, and have lapsed. At that time the liabilities were more than the assets and the company has been defunct for several years.

Dolores Esperanza Corp. Incorporated under the laws of the State of Maine. Mr. Henry S. Lockwood, the attorney for the company, located at 597 Madison Avenue, N. Y. C. stated that the company still holds title to their property in Mexico which is leased to a tenant. The rent received pays the taxes. Mr. Lockwood states that there is no prospect of the company operating the property and if silver prices did get better the company would require considerable new capital to operate the property.
Dolores Valley Mining Co. This company had an office in New York City in 1883 and ceased business in 1884. At that time no value was found for the stock. We found no record of this company's operations. It is our opinion that the shares are worthless.

Dominion Copper Company Ltd. Company was organized in Canada to develop property at Phoenix, British Columbia, and became financially involved in 1908 and was forced to liquidate subsequent to winding up its affairs in 1910. The property was sold in 1909 under foreclosure for $261,000. to bondholders. There were outstanding $800,000. of bonds. It is therefore reasonable to assume that there was no equity left for the stock which is without value. The property of the new company (New Dominion Copper Co. Ltd.) was sold and the bondholders received 11% in liquidation.

Don Rouyn Gold Mines Ltd. Incorporated in 1923 in Quebec and had an office at 14 Hospital St., Montreal, Que. Mr. John G. Porteous, of Brown, Montgomery & McMichael, barristers, located at Royal Bank Bldg., Montreal, informed us on Nov. 29th, 1935 that the properties of this company were sold at auction sometime in 1934 and that the company

has gone out of business. The price realized at the public auction was not sufficient to make any payment to the shareholders, after payment of the liabilities. Therefore, in view of the above, it is our opinion that the shares first became worthless in 1934 when the company lost its property and had ceased to exist.

The properties were shut down by receivers in 1921. The company was reorganized as the Deep Sea Fisheries Co. and one share of new stock was given for each share of preferred stock of the East Coast and one share of new stock for each 20 shares of common stock of East Coast. The Deep Sea Fisheries Co. went into receivers' hands and its properties were sold under foreclosure in 1927. There was no equity left for the capital stock. Therefore the shares of East Coast Fisheries Co. are without value.

East Palestine Rubber Co. This company was formerly located at East Palestine, Ohio. Some years ago the property was taken over by another rubber company which in turn has been unable to operate for over a year on account of financial difficulties. Bankers of East Palestine, Ohio, advise that there is absolutely no value attached to the capital stock and in our opinion, the shares are worthless. A corporation of this name organized under the laws of the State of Washington, had its charter revoked July 1, 1920 for failure to pay license tax.

East Paterson Park Realty Co. N. J. 1934.

East Picher Zinc Company. Incorporated in Maryland and lost its charter on April 23, 1929. Articles of incorporation were filed in 1925 by Janney, Ober & Williams, Baltimore, Md. We searched our mining records and found no record of this company's operations. It is our opinion that the shares are without value.

East River, Central Park & North River Railroad Company. Incorporated in New York on Nov. 15, 1889 and had an office in New York City. Public Service Commission reported in 1913 "No record of any construction." Our railroad book issued by the State of New York for 1891 reports that the last report filed by the company was for the year 1890. The company apparently went out of business in 1890 as we found no trace of the company since then nor any record of construction. We found no value to the stock and therefore believe the shares are without value.

Sheldon, President; Morgan Jopling, Secretary; Donald R. Hyde, Treasurer. The company owns an apartment house and the mortgage is in default. However, the company is still operating the property and probably will pull through all right. Until the company can pay the amount in default the shares of course will have a problematical value. (1934.)

East 75th St. Coach & Auto Co., Inc. N. Y. 1934.

East Shore Amusement Co. Incorporated in Connecticut and filed a preliminary certificate of dissolution on Dec. 30, 1925 and a final certificate of dissolution on Oct. 15, 1927. The last annual report filed in January 1926 gave the address of the company as 17 Philip St., New Haven, Conn. and the following officers: President, John B. Judge, New Haven, Conn.; V. Pres., Thomas B. Shanley, New Haven, Conn.; Treasurer, Joseph M. McGovern. Mr. McGovern now residing at 17 Philip St., New Haven, Conn. informed us that when the company was dissolved a complete distribution of assets was made to all stockholders of record, and that any shares outstanding are without value. El Dorado Refining Company. Organized in Delaware in 1919 and was located at Eldorado, Kansas. Chas. G. Yankey, Eldorado, Kansas, was President. The properties consisted of a refinery at Eldorado, Kansas. Mr. Yankey informed us that the property of the company was foreclosed some years ago and there was no equity left for the capital stock after the final liquidation. Therefore it is our opinion that the shares are without value.

Electric Time Co. Mass. 1934.

Electric Typographic Company of W. Va. P. G. Michener was appointed receiver for the above company and their only asset was some stock in the Rogers Typographic Company of Detroit, that liquidated. Three dividends were paid on the stock, the third being one-fifth of one cent per share. The first two payments are shown by endorsements on the stock certificate.

Electric Typographic Co. of W. Va. The following letter was received from Benjamin L. Fairchild, an attorney, located at 280 Madison Ave., N. Y. C. dated July 16, 1936. "Your favor of the 14th inst. making inquiry in regard to the Electric Typographic Co. of West Virginia, received. More than forty years ago a receiver of this company was appointed in West Virginia. My best recollection is that the only asset, a small fund, was at that time distributed by the receiver as a dividend of a few cents per share, to the shareholders. All this was a long time ago and I have ever since considered my stock of no value. The receiver died a number of years ago."

Elkton Consolidated Mining and Milling Company. Incorporated in Colorado and was declared defunct on Oct. 17, 1927. The Elkton Company, successor to the subject company located at Colorado Springs, Colo., informed us on March 31, 1936, that the stock of the Elkton Cons. has no value. At the reorganization stockholders of the old company were given the right to purchase stock in the new company on a share for share basis plus a two cent assessment. This was continued for two or three years but closed several years ago and there is no basis of exchange now. The shares are worthless.

Emerald Oil Company. Incorporated in Delaware and is located at Winfield, Kansas. The company informed us on April 11, 1936 as follows: "The Emerald Oil Co. was crushed years ago and has been struggling to recover, but the process is a long drawn out one, due to the lack of working capital and small size of the average well we drilled in. If the company were liquidated today, there would be nothing left for the stockholders. The only outlook for recouping of value for the stockholders lies in our ability to continue the Company and ultimately open some new values at low cost, especially through the deeper drilling on some of our shallower properties where we believe the chances are 30-50 of encountering deeper zones. This we can not do until the market prices and demand for crude oil improve. The only outlook for the company is for us to struggle along keeping it alive, and aiming to accomplish the end stated. There is no market for the stock and the last quotation of which we heard was $1.00 per share for the preferred stock in private sale. In fact, the only value behind the stock lies in our continuing the company as stated." (1936.)

Emma Mines, Inc. First Lien 3-year 7% Notes dated December 1, 1926. The First National Bank at Twin Bridges, Montana is not the trustee for the above bonds nor interest payer. We have been informed by Mr. J. M. Jackson, Secretary of the Butte-Madison Mines Corporation of Butte, Montana, that the Emma Mines, Inc., was taken over by their company sometime ago. The First lien Ore Notes issued by the Emma Mine, Inc., will be paid by the succeeding company when mining operations are resumed, which will be in the near future. The present low prices for metals was the cause of ceasing mining operations, but the company is about to take over a gold mine located near their properties. This will enable them to mine gold ore while silver and lead are quoted at such low prices. George G. Barber, President, has an office at 52 Wall Street, New York City, and we refer you to him for further information. (1931.)

Empire United Railways, Inc. Incorporated in the State of New York on Feb. 18, 1913, as a consolidation of the Rochester, Syracuse & Eastern Railroad, Syracuse, Lake Shore & Northern Railroad and Auburn & Northern Electric Railroad Co. In the consolidation the Syracuse, Lake Shore & Northern stock was exchanged for stock of the Empire United Railways, Inc. The latter company went into receivership on July 16, 1916. On Dec. 20, 1916 the company was granted petition for voluntary dissolution. In the subsequent reorganization the bonds were assessed $50. per $1000. bond. Those that did not pay the assessment received $900. in stock. There was no provision made for the stock in the reorganization. Unsecured notes only received right to purchase new securities. The new company was known as the Empire State Railroad. The shares of the Empire United Railways, Inc. and Syracuse, Lake Shore & Northern Railway Co. are without value.

Ralston Rd., Denver, Colo.; Treasurer, C. L. Colburn, 5-11 C. A. Johnson Bldg., Denver, Colo. Mr. Colburn who is Secretary of the Colorado School of Mines Alumni Assn. located at 926 Patterson Bldg., Denver, Colo. informed us as follows: "Company was formed by the Colorado School of Mines Alumni Assn. several years ago to give employment to young mining graduates who were in desperate need of work. Those who subscribed for stock did so for charitable reasons rather than from an investment standpoint. The Engineers Lease was successful in relieving unemployment among the newly graduated men from the Colorado School of Mines but it did not prove a financial success. It is not in operation today and there is no market for its stock."

Recently, the lien of the Trust Indenture on the property pledged thereunder expired, and a notice was mailed to all known bondholders. None of the bondholders took any action towards the payment of the cost of reinscribing the mortgage and consequently no action was taken by the Trustee to that end. We would suggest that you communicate with Dr. H. B. Gooding, President of the Company, at 26 North Washington Street, Tiffin, Ohio, for information concerning the present affairs of the company. Eureka Smelting Company. Incorporated in Nevada in July, 1922 as the Eureka Smelting & Mining Co. and changed its name to Eureka Smelting Co. on May 12, 1923. The property of the subject company was sold at foreclosure June 18, 1930 on account of the first mortgage bonds at 40 cents on the dollar, leaving a deficiency judgment against the company of approximately $600,000. There was a year to redeem the property which might stretch the loss to June, 1931. The only other asset not covered by the mortgage were two lots of land in the town of Eureka and a vague claim to certain unpatented mining claims which lapsed because of non-payment of assessment. The two lots of land were attached for bills and I believe were sold under sheriff's sale. Therefore it is our opinion that the shares became worthless in 1930 at the time the property was foreclosed. The other assets when sold would only pay a small amount of the deficiency judgment.

Farmers Loan & Trust Co. (Anthony, Kansas). Value of Guar. Real Estate Bond. In 1892 it was reported that the company was unable to pay interest or principal on the mortgage and failed. The total assets of the company were reported as amounting in all to only $16,000. and yet to care for these the assignees were drawing as annual salaries alone from the company of $6,000. As far as we have been able to ascertain prior liens wiped out these bonds and there remained no equity. It is our opinion that the real estate bonds have no value.

Farmers Standard Carbide Co. Inc. Incorporated in New York on Oct. 23, 1918 and was located at Plattsburgh, N. Y. The corporation was dissolved on Dec. 16, 1929 for failure to file reports for the five previous years. According to a report published in 1926 the company had its headquarters at Canastota, N. Y. and had a small plant at Plattsburgh, N. Y. Some carbide was produced by the company, but was unsuccessful in competing with other companies. Our correspondent at Canastota, N. Y. found no record of this company nor any value to the stock. Hundreds of shares of this stock were offered at the market in 1923 with no bids at any price. It is our opinion that the shares are absolutely worthless.

Fields Reward Gold Mines Ltd. Field's Reward Gold Mines, Ltd. was registered on Oct. 17, 1904 as a reconstruction of the company of the same name. Shareholders in the old company were entitled to receive one share in the new company credited with 8s paid, for every share held. The property consisted of 3 leases in the Yalgoo Goldfield, Australia. The address of the company was 34 Gresham St., London, England. The company entered into liquidation on Oct. 20th, 1904 and was eventually dissolved on Oct. 19, 1907. The liquidator was Wm. H. Brown, 214 Mansion House, Chambers, London, England. This company was reconstructed as the Reward Gold Mines, Ltd. Shareholders were entitled to receive 1 new share credited with 8s paid for every 10s share held. Resolutions to wind-up new company were passed in Oct. 1908. Liquidator, A. H. Clark. We do not believe the shares of the old company have any value. When shares of reconstructed companies are part paid, the old stockholder has a certain amount of time to pay the difference and obtain his fully paid shares. If the new shares are not claimed within the specified time, the old shares become worthless.

Fifth Avenue Bond & Mortgage Co. Value of 1st Cons. Mtge. 6% bonds due 1922. Incorporated in New York and was located at 505 Fifth Avenue, N. Y. C. President, Jos. Osler; Vice President, Robert D. Kershner; Asst. Treasurer, Edward M. Pattison, Jr.; Directors, D. W. Hollister and R. Thornton Eaton. In 1922 the corporation was reported out of business. Two parcels of real estate owned by the company were subject to prior mortgages. These properties were foreclosed in 1919. There was no equity left for the consolidated 6's. A third parcel was subject to a proportion of a prior mortgage and the fourth parcel which was free from prior mortgages but subject to several years of unpaid taxes. As far as we have been able to determine the bondholders did not realize anything on their bonds which we believe are without value.

Fifth Avenue Transportation Company, Ltd. Incorporated in New York in 1885 and was placed in the hands of receivers on February 7, 1895. The assets were sold at public auction on the 21st day of August 1895. The receiver filed a report of sale on Oct. 17, 1895 as follows: $88,131.82 was collected from operations; $10,450. from the sale and raised $6,000. on receivers' certificates. Operating expenses were $92,415.72 and the balance left was $2,166.10. The receivers' certificates received 50 cents on the dollar. There were other preferred judgments amounting to about $225,000. that were unsatisfied leaving no equity for the capital stock. Therefore deponent submits the shares as worthless as of May 22, 1932.

Findlay, Fort Wayne & Western R. R. The property securing the mortgage covering the First Mortgage 5% bonds of the Railway Company due 1945 was sold under foreclosure in 1903 and it appears that upon the sale the property did not realize sufficient to pay defaulted interest and consequently nothing was left for distribution on the bonds.

Findlay, Fort Wayne & Western Railway Company. We received the following information from the United States District Court, Toledo, Ohio, dated Dec. 24th, 1936 regarding the 5% bonds due 1943. "In re: The Mercantile Trust Company, Allen Zollars as Trustee, Complainant vs. Findlay, Fort Wayne and Western Railway Co., In Equity No. 1731. Your letter addressed to the United States District Court, Cleveland, Ohio, has been referred to this office for answer. I find that in the above entitled cause the Findlay, Fort Wayne and Western Railway Company was sold on the sixth day of July, 1903. At the time of sale there was outstanding 1198 bonds of an issue of 1200 with a total value of $1,200,000. and that the bonds had been in default since 1895. The amount received from the sale of the railroad was distributed to the holders of the coupons of the bonds and nothing was paid on the bonds themselves. I am unable to find where any funds were deposited in the registry of the Court for the benefit of the bondholders. The bonds described in this action are the First Mortgage Bonds of the Findlay, Fort Wayne, and Western Railway Company." It would appear that your bonds are without value.

First American Bancorporation, Inc. Incorporated in Delaware on May 29, 1929 for the purpose of investing its funds in the securities of financial institutions engaged in the banking, insurance and other fiduciary capacities. George W. Steel, President; Wm. J. Lockhart, V. Pres. & Treas.; Edwin P. Wardle, Sec'y. Mr. Steele, who is an attorney located at 20 Exchange Place, New York City informed us that the company's principal holding was a block of stock of the Peoples National Bank of Winston-Salem, N. C. When the Peoples National Bank failed the stockholders were assessed 100% practically wiping out all equity for the stockholders in the First American Bancorporation. Mr. Steel further stated that the company is out of existence and has no assets. There are several judgments still outstanding against the company which are uncollectible. Therefore we submit the capital stock as worthless.

First National Bank & Trust Co., Yonkers, N. Y. According to the Report of the Comptroller of the Currency, a Receiver was appointed for this bank, on January 23, 1934. The Supervising Receiver, Division of Insolvent National Banks, Comptroller of the Currency, informed us on July 21, 1936 that a 100% assessment was levied against the stockholders of this bank on May 11, 1934, which assessment was due on June 18, 1934. Dividends of 40% have been paid by this receivership. Mr. Arthur E. Muth, Receiver of the First National Bank & Trust Co. of Yonkers, N. Y. informed us on July 18, 1936 that the present estimated values of the remaining assets, are sufficient to pay additional dividends of approximately 30%. This cannot be guaranteed however, as it may fluctuate due to business conditions. There is independent authority that where a bank fails and was taken over by the Superintendent of Banks who made a call in that year upon stockholders for payment of the additional liability, the call is a satisfactory showing of the determination of worthlessness of the bank's stock in 1936. Fischman, I., & Sons. Incorporated January 27, 1926 in Pennsylvania to manufacture and distribute soda fountains and carbonic acid gas. On April 1, 1932, William S. Maddox, was appointed temporary receiver in bankruptcy. Morgan, Lewis & Bockius, were attorneys for the receiver. Schedule filed in the United States District Court in Philadelphia on August 9, 1932 listed liabilities of $2,646,519. and assets of $1,537,483. Assets were made up of merchandise inventory $321,115.; machinery and equipment $326,213.; accounts receivable $551,774.; real estate $36,000.; cash $5,586.; notes receivable and securities $250,975.; others $3,183. and $42,637. Morgan, Lewis & Bockius, informed us on December 18, 1935 that this company was adjudicated a bankrupt on April 1, 1932. The first dividend to creditors, which included practically all the assets of the estate was at the rate of 1 3/4%. There are a few remaining assets to be liquidated but the dividend to creditors will be infinitesimal. Adjudication of bankruptcy and evidence that liabilities exceeded assets were held to indicate worthlessness.

Flint Motor Company. Incorporated in Michigan in 1922 and had an office at 250 W. 57th St., N. Y. C. The inability of distributors to make money forced the company to establish branches throughout the United States. The operation entailed enormous losses, making it necessary to discontinue them and leaving the company no outlet for its product. The amount received from the sale of the company's assets was insufficient to pay creditors in full, leaving no equity for the stock, which is without value.

Florida Alabama & Gulf R. R. Property sold and reorganized as Andalesia Florida & Gulf R. R., located at Andalesia, Florida.

Florida, Atlantic & Gulf Central Railroad Company. The Trustees of The Internal Improvement Fund of Florida informed us that they assumed certain obligations of the above road that were prior to the Free Land Bonds. The fact that there were two issues of bonds of the above company, and that each issue contained a bond numbered 167, is probably the reason for the confusion. We found no value to the Free Land Bond and therefore believe it is worthless.

Florida Central Railroad Company. First Mortgage 7% Gold Bond due January 1, 1907, we write to advise that from information obtained from outside sources which we believe to be reliable, we learned that the road in question was sold under foreclosure on September 25, 1879. Certain other liens prior in lien to the issue referred to above, amounting to $197,000. with nine years interest in arrears, account for the distribution of almost the entire amount that the road brought under the sale, to wit: $305,000. We are advised by the Clerk of the United States District Court for the Southern District of Florida, that all of the property of the railroad was disposed of by a Trustee appointed by that Court, and the Trusteeship closed. In view of the above, we believe it reasonable to assume that the bond about which you inquire is without value.

Florida Central R. R. Property foreclosed. Preceeds received from sale of road were not sufficient to take up prior lien bonds, leaving no equity for 3rd mortgage 6% bonds.

Florida & Gulf Central Railroad Co. Value of $500. Free Land 8% Bond No. 167. The following is a report we received from the Trustees of The Internal Improvement Fund of the State of Florida, Tallahassee, Fla. regarding the above bond. "We have examined the records of the Trustees of the Internal Improvement Fund with reference to above bond and find no mention of this company having issued bonds. However, we do find in the minutes of July 19, 1877 where the Trustees listed certain bonds of the Florida, Atlantic and Gulf Railroad Co. previously purchased and cancelled in which list is First Mortgage Bond No. 167. Since the Trustees of the Internal Improvement Fund have no record of the issuance of any such bond, it would be necessary to establish its authenticity; furthermore, since the time permitted under Florida Law, which is 20 years, has expired for the collection of past due paper it would seem that the time under the statute of limitations has run out as to its collectibility.

Foreman-State National Bank of Chicago. On June 8, 1931, it was announced that the First National Bank of Chicago and the First Union Trust & Savings Bank of Chicago had become the sole owners of the banks, buildings and other properties of the Foreman-State National Bank of Chicago. It was also stated that the First National Group had guaranteed all deposits of the bank. The First National Bank acquired the assets by the assumption of its liabilities. To indemnify it against loss in the liquidation of assets, a fund of $12,500,000. in cash was put on deposit on June 9, 1931 this fund being contributed in the amount of $10,000,000. by the Chicago Clearing House banks and $2,500,000. by leading individuals in the Foreman bank group.

Name State Date Charter Forfeited

There also remained the privilege of invoking the double liability provision against Foreman stockholders in the event the assets, when liquidated, should prove insufficient to pay depositors. The capital of the Foreman bank was $11,000,000. The liquidation of the assets of the Foreman-State National Bank which were turned over to The First National Bank on June 8, 1931 has not yet been completed. A plan for the settlement and adjustment of the stockholders' double indemnity which was developed by a Committee representing the stockholders of the Foreman Banks, is about ready for consummation. Under this plan stockholders are given the opportunity of paying $50. per share in settlement of their liabilities and receiving in return a certain interest in the equities in the two Foreman Bank buildings which, under the plan, are being acquired by a corporation; or, by paying $49. per share, without receiving any such participation in the Bank building equities. Mr. E. C. Kohlsaat, attorney, 33 North La Salle St., Chicago, Illinois, is the Secretary of the Foreman Stockholders' Committee and is thoroughly familiar with all matters pertaining to the liquidation of the Foreman Banks and the liability of the stockholders, and will be glad to furnish you any information you desire. It is our understanding that the Internal Revenue Department has ruled that the stock of the Foreman-State National Bank became worthless in 1935 and may be fully charged off as a deductible loss in income tax returns for that year. Mr. Kohlsaat, can also advise you definitely relative to that matter. (1936.)

Forest City Leasing & Mining Co. Incorporated in Colorado and its charter expired by limitation on July 2, 1921 and has not been renewed. We found no record of this company's operations. The County Treasurer of Leadville, Colo. informed us on Sept. 22, 1936 that nothing is assessed against this company, and believes that the only property this company ever owned was some mining machinery. It is our opinion that the shares are without value.

Fort Myers Building & Loan Assn. "There is no value to the certificates you mention but Mrs. Mary E. Lozier did have on deposit by virtue of her membership a certain amount of money which at the present time there is a balance of $178.17; $23.69 of which is due and payable according to resolution of stockholders, and we are ready to send that by return mail upon your returning the two receipts signed by Mrs. Lozier, and witnessed and returned to us for credit of her pass book. The association is in slow liquidation and distributions will be made from time to time as property taken over can be sold. There would be a market for the other $144.48 at 50c on the dollar or $72.24 if she should care to close out the entire account. Mighty glad we have had this information from her, because we have been holding $7.64 since January, 1933 and $16.05 since July, 1934, these representing the 3% and 10% distribution respectively." (5/9/1935.)

Fort Myers Building & Loan Assn. This association has written down the value of its stock by the amount of 34% and has made several cash distributions since that time. The association is in process of voluntary liquidation. (4/29/1935.)

Fort Myers Securities Corp. Incorporated in Florida and is located at Fort Myers, Fla. President, G. M. Heitman; V. Pres., A. L. Kinzie; Treasurer, J. F. Gardner; Secretary, D. B. Renfro. Mr. Heitman informed us on May 15th, as follows: "Referring to yours of the 9th, wish to say there has been no sale in recent months of any of the preferred stock of the Fort Myers Securities Corporation. I am, therefore, unable to quote a price on it at the present. The Fort Myers Securities Corporation, as you know, is a mortgage company which was organized during the Florida boom days. While they hold mortgages and own outright considerable real estate, there has been very little income from or sale of same during the past several years. The company has managed to keep its head above water

Fort Wayne & Northern Indiana Traction Company. Value of Common Stock. Incorporated February 25, 1911 in Indiana, and went into receivers' hands on February 8, 1919. On December 5, 1917 the Central Trust Company of New York brought suit to foreclose on the property. On December 29, 1919 the property was sold for $1,301,000. and the purchasers reorganized under the name of Indiana Service Corporation. The voluntary offering on the part of the purchasers made to the holders of the old Common Stock was 10% of new Common Stock. This offering was forwarded in the form of a notice to all of the stockholders of record. This notice was forwarded several times and the voluntary offering finally closed two years later. At foreclosure there was no equity at all left for the stockholders, and this voluntary offer having been withdrawn for nine years, the Fort Wayne & Northern Indiana Traction Company stock is of no value whatever.

Founders Securities Trust. Daniel Needham, Receiver, 75 Federal Street, Boston, Mass. informed us that the Trust will be liquidated about Jan. 1, 1935. The Founders Shares have enjoyed no market since Oct., 1929, and the holders of such stock will probably receive no equity in the liquidation as the pfd. stock will apparently not be paid in full. Fountain Valley Holding Co. We addressed a letter to this company at Colorado Springs, Colo. on Sept. 22, 1936, and were informed that there is no value to the stock of this company. The wells drilling for oil near Colorado Springs came in dry, so the holding company's leases were abandoned over ten years ago, at which time the company discontinued business. The shares in our opinion are without value.

Fuller, President; Archibald E. MacBride, Sec'y. The company was reported inoperative in 1915. As far as we have been able to ascertain, the company was engaged in the real estate business and did not build anything to our knowledge. The company kept wandering about the city and in 1915 went out of business when it was found unprofitable. We do not attach any value to the stock.

Galveston-Houston Electric Ry. Certificates of Deposit for First mortgage 5% bonds have an exchange value.

Galveston, Laporte & Houston Railway. Value of 1st Mtge. 5% bonds dated 1895. The mortgage securing the above issue was foreclosed in 1899. The amount realized at the foreclosure sale was not sufficient to pay receivers' certificates and expenses, leaving nothing for the bonds issued under the mortgage. Therefore we submit the bonds as worthless.

Galveston National Bank. Mr. A. A. Horne, Vice-President of the City National Bank, Galveston, Texas, informed us that the Galveston National Bank closed in 1911, after the suicide of the president and one of the vice-presidents. The City National Bank later took over all the assets and paid the depositors. Mr. Horne also stated that the only thing which a stockholder holding stock in the Galveston National Bank is entitled to, is an assessment. The shares are without value.

Garnett Gold Mining Company. Value of $10. par value stock. Incorporated in Illinois in 1891. Mining property located in Montana. We have been informed that the company is out of existence and the stock is worthless.
Garnett Gold Mining Company. Incorporated in West Virginia and was located at 409 Granite Bldg., St. Louis, Mo. and mines at Pony, Madison County, Montana. The holdings comprised 170 acres of patented land. Shipments in 1906 to the American Smelting Co's. plant at East Helena, Montana yielded $53,496. The following letter was received from the American Smelting & Refining Co. on July 2, 1935. "We have on file copy of an old ore purchase contract dated July 24, 1907 with the Garnet Gold Mining Co. a corporation of St. Louis, Mo. covering the output of their Garnet mine near Pony, Montana. We have also looked up our settlement records and find that this company shipped us between May 31, 1899 and September 5, 1911 some 86 lots of ore, the total net proceeds amounting to $81,425.30. The last shipments of ore were made in 1911 and at that time the company was in the hands of a receiver and settlement was made to the receiver of the company who in turn made settlement with the leasers who mined the ore. As there is nothing further in our files subsequent to that time we can probably assume the company's corporate existence terminated in 1911 or shortly thereafter." In view of the above and for the fact that no value was found for the securities of this company we believe the bonds and stock are worthless.
Garod Corporation. Incorporated under New Jersey laws, in February, 1923. Company manufactured radio sets and parts. The plant was located at Newark, New Jersey, and their main office at 124 Adams Street, Newark, New Jersey. Issac P. Rodman was appointed equity receiver on February 1, 1927. The net loss for operations in 1926 amounted to $240,275. The company's balance sheet as of January 31, 1926 showed:

Notes payable	$ 96,460.00
Accounts payable	115,336.00
Liabilities	$211,796.00
Investments	$ 1,002.00
Cash	15,606.00
Other assets	9,826.00
Accounts receivable	88,363.00
Assets	$114,797.00

Name State Date Charter Forfeited

We have not considered the machinery, merchandise or patent rights, for if they were sold at auction. we believe, they would bring only a nominal figure. According to the above figures, the liabilities exceeded the assets by a wide margin. We have found no evidence that the stock had any value since receivership. Therefore it is our opinion that the shares had no value as of April 2nd, 1929, and submit them as such as of that date.

General Leather Company. Incorporated in 1916 in New Jersey and had its principal office at Newark, New Jersey. On May 17, 1932, James T. Smith and Toby Furst were appointed receivers; Root, Clark & Buckner, were appointed for the bondholders protective committee. On December 19, 1933, the company's receivership was ordered termimted by Vice-Chancellor Berry at Newark, N. J. who directed the receivers to abandon the plant at Newark. The Manhattan Trust Company, trustee for the First Mortgage bondholders obtained a $777,156. decree in June 1933, but withheld a sale of the premises pending efforts of the equity receivers to dispose of it more advantageously. There were $1,200,000. of First Mortgage bonds outstanding, and in view of the above decree in June, 1933, in favor of the First Mortgage bondholders, it is our opinion that the common stock first became worthless in 1933, and the investment should be allowed as a loss for the year 1933.

Schecter, 500 Fifth Ave., N. Y. C.; Treasurer, Wm. G. Pilgrim. Mr. Schecter informed us on January 5, 1937 that the company holds stock of the General Industries Co. which has a plant at Elyria, Ohio. We understand from Mr. Schecter that the business of General Industries has improved and expects it to increase to a point when it will pay dividends to the General Phonograph Co. As the company is a going concern the shares must be sold in order to take a loss.

Gibraltar Silver Mines Co. Incorporated in Nevada on Sept. 17, 1919 and reorganized as the New Gibraltar Mines Co. in 1922. Stockholders of Gibraltar Silver Mines Co. were given the privilege of exchanging their stock for the new company's stock on a share for share basis, plus one cent a share assessment. As you hold the old shares, the shares were sold for the assessment and have no further value. There was another assessment of 1 cent per share on the new stock, which apparently wiped out all new shares that did not pay the assessment by a certain time.

Globe Consolidated Oil Corporation. Incorporated in Arizona in 1920, and is legally dead, its corporate existence having been terminated on March 30, 1926. The corporation failed to file any reports since incorporation. Apparently the company failed to strike oil in 1920 and went out of business the same year, as the company is not listed in the 1921 "Petroleum Register." It is our opinion the shares are without value.

tion of assets amounting to 3 cents on the dollar was made in January, 1932 to all parties filing claims as per publication notice. Those that failed to file their claims were forever barred from receiving any distribution as the total assets of the company were distributed equally to those that filed claims. The shares are therefore without value.

Golden Dawn Mining Company of Wonder. Incorporated in Maine and has been out of business for 10 years. The company owned a gold mine that they paid $10,000. for, without any material results. Mr. L. E. Whicher, a former officer of the company, now located at 11 Broadway, N. Y. C. informed us that the property was worthless and was sold for taxes about 10 years ago, leaving the company with no assets. Therefore the shares are worthless. (1934.) However, we received a copy of a letter from Boyd G. Curts, of the New York Trust Company, dated Jan. 4, 1921 addressed to Walter S. Reed in which it states that the company had $2000. on deposit which it held for several years and that the interest thereon practically took care of the taxes.

The company was formed in 1900 and had failed to pay fees and file reports since incorporation. The company had an office at 220 Broadway, New York City in 1901. Pres., William H. Lake. The "Copper Handbook" reported that this was a fraudulent mining company, and was promoted by Mr. Lake. He purchased sundry cheap holes in the ground in Arizona, at a cost of $500. and thereupon organized a million-dollar company. Assets of the company were reported as a donkey hoist in Arizona, and a roll top desk in New York, the company having lost the hole in the ground. The shares are entirely worthless, and submit them as such as of April 5, 1936.

Goldfield Belmont Mining Co. Incorporated in Delaware. This company expended a considerable amount of money in development, in part borrowed upon mortgage notes. Subsequent to 1913 these notes aggregating with interest $130,000. were foreclosed and noteholders later organized the Belmont-Goldfield Mining Co. which was last located at Philadelphia, Penna., in care of John W. Brock, Jr. The shares of the first company received no equity after the foreclosure and are therefore worthless.

Goldfield Berkeley Mining Co. Incorporated in South Dakota and its term of existence expired by limitation in 1925. As the company failed to file any

reports since incorporation, it is our opinion that the company did not get beyond the development stage and the shares are without value.

Goldfield Bulldog Mines Corporation. (Wyo.) No value found.

Goldfield Consolidated Mines Co. (Wyo.) Listed in Volume III. Report incorrect, company's stock quoted at 13 cents per share in August 1936.

Goldfield Daisy Mining Syndicate. Incorporated in Arizona and went out of existence about 1910. The property of the company was sold at a sheriff's sale in August, 1919. A new company was reorganized and old shareholders were asssessed one cent per share in order to get new stock. The stockholders were then asked to pay one cent per share to get the property back. Those who did not pay the assessments were left out of the reorganization. A Mr. A. J. Seligman and a Mr. William M. Hoagland of New York were reported as directors. The shares are without value.

Goldfield Deep Mines Co. of Nevada. Incorporated in Nevada in 1920 and is located at Goldfield, Nev. (1936.) Assessment No. 18 of 1 cent per share was levied in 1930 and No. 19 of 1 cent per share in 1931. We understand that a short time ago certificates in good standing with all assessments paid were exchangeable for non-assessable shares of 5 cents par. All shares that are delinquent on assessments were probably sold for default and have no value. The new shares are now selling at 4 cents per share.

Goldfield River Bend Mining & Milling Company. The Financial World stated some years ago that they found no record of this company's operations, and furthermore it was a stock selling scheme. Our mining books show no record of this company and therefore believe the shares are worthless.

Gordon Creek Coal Company. Value of 7% bonds due 1943. Mr. Frank B. Cook, of 223 Terminal Bldg., Salt Lake City, Utah, informed us as follows as of Oct. 23, 1936: "Replying to your letter of the 13th Inst. in which you enquire as to the value of Gordon Creek Coal Company bonds. I have been receiver for the property for more than six years during which time I have made every effort to sell the property. The Court has authorized a sale at $45,000. and I have a deal on at the present time at that price. However should it be made there could not be any equity for the bonds. Taxes and preferred claims together with the expenses would amount to more than the sale price. During the time I have been in charge neither the trustees, the attorneys or the receiver have received any compensation." According to the above, the property is about to be sold. Until the property is sold we do not believe a loss may be taken on the bonds. A partial loss may be allowed for 1935 or 1936.

Grabfedder, S., & Co. Louisville, Ky. Value of Warehouse Receipt No. 6089. The State records of Kentucky do not disclose a company of this name. It is probable that this company was chartered by an act of the Kentucky Legislature prior to adoption of the present constitution. Many of these corporations ceased to exist before the State of Kentucky created a Corporation Department. Such companies never were on record in the corporation department. In view of the above it is our opinion that the above receipt is without value.

Grand Pacific Copper Company. Incorporated in Arizona and received the following communication from Mr. W. E. Barrow, formerly President of the company, now located at Franklin, Pa., in care of the Joy Manufacturing Co. "In answer to your letter of the 4th, please be advised that the stock of the Grand Pacific Copper Co. was exchanged in 1922 for stock of the United Magna Copper Co. Considerable work was done on the property after that time and about $200,000. cash was spent on development work. The money was exhausted in 1930 and it was necessary to sell all the assets of the company in May, 1931, at auction. The proceeds from the sale were not sufficient to pay the creditors so there was nothing left for the stockholders. The company has been dissolved and the stock is therefore worthless."

Great Western Holding Co., Ltd. Del. 1935.

Great Western Insurance Co. Organized in New York and ceased business in 1886, since which date it had been liquidating. Up to 1911 three payments had been made to stockholders; first $20. per share; second $10. per share; third $1.50 per share; fourth and final 19c per share paid June 26, 1923. A Mr. J. Raymond Smith made the first three payments. Recently were advised by Mr. Leo J. Ughetta, 132 Nassau Street, N. Y. C. who was the attorney for the receiver that a final dividend of 19 cents per share was paid to those stockholders who presented claims to share in an undistributed balance, pursuant to a notice authorized by an order of the court dated June 21, 1923. The entire estate was distributed and the receiver discharged. When the third payment was made in 1912, a certain amount of dividends remained unclaimed as the stockholders did not present their claims. These dividends were held in trust for a certain number of years required by law, and when they were not claimed by that time, said dividends were distributed to those who presented their claims thus the payment of 19 cents per share.

Green Monster Mining Company. Incorporated in 1915 in Arizona with a capital stock of $750,000. par $50. The company is said to have property which is supposed to be valuable. In 1919 it had not yet found ore in commercial amounts. In March of that year operations were suspended for an indefinite period. At the annual meeting in December, 1925 a receivership was being considered. In January, 1929, 300 shares were sold at $4.25 for the lot by A. J. Wright & Co., Buffalo, N. Y. The company has met current expenses in recent years through sales of equipment. An attempt in 1929 to secure a loan from stockholders failed and the company in 1930 was without funds. There is absolutely no market for the stock and believe it has little, if any, value at this time. (1934.)

Greenwater Copper Mines & Smelter Co. "This company has outstanding 4,876,562 shares of capital stock. It has no assets, excepting a balance of about $104.17 in the bank, and a block of 99,600 shares of stock of Tonopah Western Consolidated Mining Company, which owns some claims near Tonopah. This company is not in operation, and the writer knows of no present market value for its stock. The stock of Greenwater has no market value and has not had since prior to March 1, 1913. It has no definite intrinsic value. The stock certificate should be retained on the chance that at some time in the future operations might be resumed. On the other hand, the stock of the Tonopah Western is assessable, and the Greenwater Company has no cash with which to pay any substantial assessment. 1936.) The company has no office. Communications may be addressed to W. A. Mitchell, Attorney, 141 Broadway, N. Y."

Greenwater Furnace Creek Copper Co. Incorporated in Arizona in 1906 and filed no reports since incorporation. The charter of the company was forfeited by limitation on Aug. 18, 1931. We searched our mining records back to 1906 and found no record of this company's operations. We found no value to the stock and therefore believe the shares are without value.

Groton Chemical Company. Incorporated in Connecticut in September, 1926 and according to our correspondent at New London, Conn. the company has not been operating for some time. The company formerly operated at Paquonnock, Conn. and letters addressed to the company and its officers were all returned marked "unknown" or "unclaimed." We found no value to the stock and therefore believe the shares are worthless.

Groton Iron Works. No. 538, 6% 20-year note dated October 3, 1920 and due October 2, 1921. Your bond includes several items, which are as follows:

Note dated October 3, 1920	$1,916.89
Note dated April 3, 1920	2,396.11
Six months interest on note	57.51
Total	$4,370.51

The 4 per cent recently paid came from a security deposited as collateral for the October note issue and cannot be applied to any other note issue. The April note issue was secured by a mortgage from which nothing was realized. It would appear that your client's note is now worthless as all the collateral has been sold and the proceeds distributed pro rata to the noteholders. (1932.)

Guanacevi Tunnel Company. Incorporated in Arizona in 1904 and failed to file reports since incorporation. The charter expired by limitation on Sept. 12, 1929. We found no value to the stock.

Guanajuato Mining & Milling Co. Incorporated in New York, property located in Arizona. Company in 1911 had an office at 149 Broadway, New York City. President, Charles A. Fulton; Secretary, Theo. R. Heinricks. The records of New York State disclose that this company paid taxes from the years 1908 to 1912 inclusive after which it filed no reports. The company was dissolved by proclamation in 1926 and in our opinion the stock is of no value. The Irving Trust Co. successor trustee informed us that they never received any funds to pay on the bonds. They also stated that according to information received the company went out of existence many years ago. A letter from Jules R. Breuchand, the son of one of the former officers, now located at 155 E. 44th St., N. Y. C. states that the company did very little work in the mines as the revolution in 1911 stopped further activities and believes that nothing has been done since. We believe the bonds are without value. (1935.)

Guanajuato-Mother-Lode Silver-Gold Corp. Del. 1936.

Guanajuato Reduction & Mines Co. This company is located at 500 Drexel Bldg., Phila., Penn. and its shares were last quoted in August, 1935 at 5 cents per share. The first mortgage bonds of the company are quoted at 12 flat. The company as of December 31, 1934, had fixed assets and mining rights of $1,817,245.54 and current assets of $507,003.89 against which there were $2,800,000. of first mortgage bonds outstanding; Bond Coupon Scrip $1,008,000.; Bond Interest accrued $1,008,000.; Bills payable $68,805.87 and accounts payable of $676,673.43. In view of the above we submit only a nominal value for the stock. (1934.)

Guanajuato River Mining Co. Incorporated in New York on March 4, 1903 and had an office in New York City. The certificate of dissolution was filed on September 18, 1924 by Proclamation of the Governor. The following were the last known officers and directors: John Russell Gladding, Providence, R. I.; Frank Matteson, Providence, R. I.; Erwin Knight, Providence, R. I. Attorneys, Van Slyck & Moulton. Our representative had occasion to go to Providence and upon investigation found that all of the above men were dead. We searched our mining records and found no records of this company's operations nor any value to the first mortgage bonds. It is our opinion that they are without value.

Guaranty Company of Maryland. Incorporated, Delaware, December 7, 1920. Officers: P. B. Leonard, Pres., Baltimore, Md.; E. L. Emery, Vice-Pres., Baltimore, Md.; W. T. Karow, Treas., Baltimore, Md.; W. C. Moore, Sec., Baltimore, Md. This company has been in the hands of a receiver since December 2, 1927. Before the preferred and common stocks are paid there are about two million dollars worth of collateral trust notes to be paid. Against this the company has collected approximately $600,000., some $400,000. of which has been distributed to the note holders. In addition the receivers have instituted suit against the directors in the amount of $1,800,000. and in the event of full recovery under this suit, there may be something available on the first preferred stock. However, it seems unlikely that the second preferred or common stock will ever have any value and whether or not the preferred stock will ever have any value depends largely upon the successful outcome of the above mentioned suit. We therefore believe that the First Preferred, Second Preferred and Common Stock had no market value as of July 13, 1929.

This is the only disposition that can be made of the stock of the Guaranty Security Corporation and is arrived at after almost continuous litigation by minority stockholders since 1925 having been finally disposed of in the Supreme Judicial Court of Massachusetts. The new company is located at 31 Milk Street, Boston, Massachusetts. (1930.)

Guardian Fire Insurance Company. Organized February 2, 1865 and had an office at 153 Broadway, New York City. Capital, $200,000. of which $120,000. had been returned to stockholders, leaving $80,000. outstanding. Report in 1893 states that company had retired from business, and risks re-insured in the Liverpool and London and Globe Insurance Company. Dividends, 1882, 5½%; 1884, 3%; 1885, 6%; 1886, 6%; 1887, 3%. Last financial statement in 1893 showed net assets of $22,480.29. According to the above, $60. per share was paid from capital. The net assets shown above amounted to $11. per share on the 2,000 shares outstanding. As your stock shows payments of 65½%, probably half of the $11. was paid and the remainder for expenses. We do not find any record of further payments and believe that 65½% was the total amount paid. In view of the above, we believe the shares are now worthless.

Guardian Trust Co. of New Jersey. Value of Certificates of Participation. Incorporated in August, 1926 and consolidated with the New Jersey National Bank & Trust Co. on Sept. 27, 1928. Stockholders received for each share of stock held one and 3/5ths share of stock of the New Jersey National and one share (represented by a trustee's certificate) out of 50,000 shares (represented by trustee's certificates) in a trust fund containing net assets of approximately $7,300,000. The trust fund represented income producing assets including the capital stock of Guardian Securities Corp. Mr. Samuel F. Leber, Trustee, located at 60 Park Place, Newark, N. J. informed us that he cannot give us the value of these certificates. J. S. Rippel & Co. of Newark, N. J. informed us that the certificates have very little value and have sold for about 10 cents per share. Therefore we believe that 10 cents per share is a fair value for each share represented by certificates of participation as of Aug. 18, 1935.

Guardian Trust Company. (N. Y.) Value of Cft. of Deposit No. 15 for 40 shares of stock. In 1913 the Guardian Trust Co. pledged its assets as security for the assumption by the Empire Trust Co. of the deposit liabilities and an amount sufficient to pay a distribution of $50. per share. The actual stockholders deposited their stock with the Empire Trust Co. and received a certificate of deposit representing stock of the Guardian Trust Co., together with a check for $50. per share for each share deposited. A year or two later the Liquidating Committee of Guardian Trust Company transferred the equity in the unliquidated assets to a business corporation known as Guardian Liquidation, Inc. whose stock was exchanged share for share for stock of Guardian Trust Co. which latter stock was cancelled. A few years thereafter the stockholders of Guardian Liquidation, Inc. were notified that the liquidation of the assets had been completed and had yielded an amount barely sufficient to pay the balance of indebtedness thereon. The stock was thereupon determined to be worthless, as no funds were available to defray the expenses of a formal dissolution of Guardian Liquidation, Inc.

Hamblin Tool Manufacturing Co. Incorporated in Delaware and was engaged in the wire goods business with an office at 36 Murray St., N. Y. C. In 1922 it was reported that the company had moved to Newark, N. J. The charter of the company was void on March 19, 1924. The last annual report filed, which was for 1920, showed the following officers: President, Walter Middleton; Treasurer, John McLaren. Mr. McLaren, an attorney, located at 305 Broadway, N. Y. C. informed us that the company had no assets when it went out of business and that the shares were worthless as of July 29, 1935.

Hamilton Loan & Trust Company. Incorporated February 1, 1887 in Nebraska and was located at 150 Broadway, N. Y. C. in 1893 and had its corporate office at Kearney, Nebraska. The company had outstanding $254,310. of first mortgage loans and $212,000. of debenture bonds. The Union Trust Company of New York was Trustee for most of the bonds. From what records we have on this case the first mortgage was foreclosed and the bonds were not paid in full. There was no equity left for the stock, which in our opinion is without value.

Hammond Steel Company. Value of Common Stock (Par $100.). Incorporated under the laws of New York. This company was placed in the hands of a receiver and under the plan of reorganization bondholders who did not subscribe received ten shares of stock of the new company (Sizer Steel Corporation) for each $1000. bond. No provision was made for either the Common or Preferred Stocks. The Sizer Steel Corporation failed and the property was sold at foreclosure sale. Undeposited bondholders received $106.75 for each $1000. bond, leaving nothing for the stockholders. Therefore we submit the stock of the Hammond Steel Company as valueless as of August 26th, 1931.

Harney Peak Tin Mining, Milling & Mfg. Co., Harney Peak Consolidated Tin Co. Ltd. Registered in England in 1887 and was located at 54 Old Broad St., London, England. This company was amalgamated with the Harney Peak Tin Mining, Milling & Mfg. Co. The company operated in the Black Hills district of South Dakota. In 1901 a receiver was appointed. The property of the company was foreclosed in 1909 and was purchased by the Pahasa Mining Co. According to reports a distribution was made on the bonds due June 1, 1891.

Harney Peak Tin Mining & Milling Mfg. Co., Harney Peak Consolidated Tin Co. We were informed that the prior lien bonds due June 1, 1891 of the above companies were not paid in full by Thomas Hewitt, Sheriff of Pennington County, South Dakota. The present sheriff holds no funds for any bonds. It is our opinion that there were first mortgage bonds due 1891 and first mortgage debenture bonds due 1895. When the property was foreclosed and sold and the bonds due 1891 were not paid in full there remained no equity for the bonds due 1895.

Hartman Coal Company. Value of First Mtge. 5% bonds due 1927. Incorporated in Ohio on December 27, 1904 and changed its name to The Ohio Cannel Coal Company on May 3, 1911. Articles of incorporation were cancelled March 1, 1923 and have not been reinstated to date. Our correspondent at Coshocton, Ohio made a search of the records of the County Clerk's office at Coshocton Ohio, and found the following assignments: Ohio Cannel Coal Co. to Bedford Coal By Products Co., Dec. 31, 1917, Vol. 124, page 166; Geo. Sneft (Receiver) for Bedford

Name State Date Charter Forfeited

Coal By Products Co. to Curtis Palmer Woodbury, Jan. 10, 1924, Vol. 137, page 259; Curtis Palmer Woodbury et ux to Woodbury Estate Mines Inc., Jan. 10, 1924, Vol. 137, page 261; Woodbury Estate Mines Inc. to D. R. Foster et al., Jan. 2, 1934, Vol. 158, page 470; D. R. Foster et al. to State of Ohio (Conservation Dept.) May 20, 1935, Vol. 162, page 300. This pertains to 750 acres more or less in Bedford Twp. Coshocton County, Ohio. (5/1/1936.). According to the history of the above assignments the property finally reached the State of Ohio probably by default. We do not believe the bonds have any value.
Hartman Corporation. Incorporated under the laws of the State of Virginia and was located at Chicago, Ill. Mr. M. O'Bryan of Hartman's, successors to the Hartman Corporation informed us on November 21, 1935 that their principal assets on May 26, 1933 consisted of stock of the Hartman Furniture and Carpet Co. The latter company was adjudicated a bankrupt on February 18, 1933 at which time its liabilities exceeded its assets. These assets were sold on May 26, 1933 by the Trustee in bankruptcy. The sale brought sufficient to pay the creditors of the Hartman Furniture & Carpet Co. only 35c on the dollar, leaving no equity for the stock, which was the principal asset of Hartman Corporation. The stock of Hartman Corporation definitely had no value after May 26, 1933. Therefore, it is our opinion that the shares first became worthless in 1933 and the investment should be allowed as a tax deduction for that year. The adjudication of bankruptcy and evidence that liabilities exceeded assets, and the sale of said assets in the year 1933 when no equity remained for the capital stock is in our opinion sufficient evidence to indicate worthlessness.

Holders of certificates of deposit for bonds, preferred and common stocks of the Havana Tobacco Co. were exchangeable for stock of the Cuban Tobacco Co. Inc. In a report published in October 1924 the undeposited securities would have no rights under the plan if deposits were not made by Nov. 3, 1924. The plan stated that one new share of Cuban Tobacco was exchangeable for certificate of deposit representing 10 shares of old common. The new common shares are now quoted at about $6.00 per share, giving a value of 60c for each old share if the shares are still exchangeable. The Guaranty Trust Co. acted as transfer agent. Heath Aircraft Corporation. Incorporated in Illinois and was located at 1727 Sedgwick St. Chicago, Illinois. The last known address was 11 South La Salle St., Chicago, Ill. in care of Walter A. Clinnin. The Chicago Better Business Bureau, Inc. located at 111 West Washington Street, Chicago, Ill. informed us on May 4, 1936 as follows: "In reply to your letter of April 29th, information from our files and from a local contact, indicates that at some time prior to January, 1932 the Heath Aircraft Corp. moved to Niles, Michigan, and was taken over by the International Aircraft Corp., a Delaware corp. organized January 18, 1933. On July 18, 1933 an involuntary petition in bankruptcy is said to have been filed against the International Aircraft Corp. in the U. S. District Court and Fred E. Hummel appointed receiver, but apparently the assets were later turned back to the officers. We were informed that in 1934 a Toledo bank foreclosed on the company's building in Niles and that other assets were attached by the Collector of Internal Revenue." In view of the above it appears that the shares became worthless in 1934 when the company lost all its assets and ceased to function.

Hewitt Construction Co. N. J. 1935.

Hewitt Mining Company, Ltd. The following is a copy of a letter received from the Provincial Secretary's office: "I beg to advise that the last return filed with this department by the above company is that as of the 31st of December, 1928, which set out the following information. President, A. M. Wood, 1975 Bathgate Ave., Bronx, N. Y.; Secretary, Solomon Zeitlin, 71 E. 100th St., N. Y. C.; Treasurer, Abraham Pellach, 1521 First Ave., N. Y. C.; Manager, Charles Pierce, Timmins, Ontario; Chief Officer, J. E. McVeigh, Carleton Chambers, Ottawa, Canada; Head Office, Charleton Chambers, Ottawa, Canada. Although the charter was not formally surrendered or cancelled, it would appear from a letter on file from Mr. McVeigh that the company has been defunct for some three years and that the former President died in N. Y. C. early in the year 1933. Apparently the shares are without value.

Houghton Land Corporation. Our correspondent at Winnipeg, Canada, informed us on April 3, 1936 that there is absolutely no market for the shares of this company. The company is a small private concern owning an apartment block in Winnipeg. This apartment block is said to be in rather poor condition and the company is not in a position to finance the renovations which apparently are necessary.

Hudson Bay & Pacific Railway Co. The "Monetary Times" of Toronto for Sept. 21, 1912, contains a history of this bankrupt enterprise from A. T. Burgess, Receiver, of the Hudson Bay & Pacific Development Company. It appears that under its call on the railway company's stock and bonds the development company received stock $4,000,000. and bonds $900,000. practically the whole of which went in bonuses and commissions and security for the loans, while all the company had to show was 300 miles of track surveyed and 75 miles of bush road. There were also floated in England about $500,000. of spurious bonds of this company. As far as we are able to ascertain the shares are entirely worthless.

Hudson Telephone Company. The New York Telephone Company informed us that their company, under date of Dec. 13, 1917, purchased from Thomas F. Tumalty, as receiver of the Hudson Telephone Company, the physical property of said company. According to the report of the Receiver, after the payment of administration expenses, etc., there was no surplus in the hands of the Receiver for the payment of anything on account of the claims of the creditors. Therefore we would assume from the above, that the shares are without value.

Hudson View Gardens, Inc. Incorporated in New York State and operates a cooperative apartment at Pinehurst Avenue and 183rd St., New York City. According to information received the corporation has paid its taxes and interest to date. On Feb. 8, 1936, 140 shares of stock of this company were sold at auction at $3100. for the lot or about 45% of its par value. We understand that this price was low compared with the sale of other apartments. The Estate of George F. Maddock holds 167 shares of stock and in my opinion is worth around 60% of its par value or about $5000. for the lot. While we believe this figure is fair for estate tax purposes, we would suggest that a survey be made of the other apartments in the building, comparing their location and selling prices and arrive at a fair figure.

The files of the Arizona Corporation Commission show two companies by this name as follows: One company was incorporated in Arizona in 1909 and has failed to file annual reports since 1917. The charter of the company expired by 25 year statutory limitation on August 13, 1934. The other was incorporated in Arizona on February 20, 1911 and has failed to file annual reports since 1922. This company will become legally dead on Feb. 20, 1936.

Humboldt Mining Company. Incorporated in Delaware and was located at 437 Drexel Bldg., Phila., Pa., in care of T. F. Taylor, President. We received a letter from the Plymouth Consolidated Gold Mines, Ltd. located at 410 Citizens Bank Bldg., Wilmington, Del. to the effect that the company was reorganized as the above and in order to exchange the 200 shares of Humboldt for a like amount of Plymouth stock, the shareholders would have to pay 25c per share for each share held. The 25c per share is a price fixed for the additional equities represented by the shares of the Plymouth, it is claimed, in the Parcloneros mine, in which stock of the Humboldt Mining Co. represented no equities. The right if not exercised at once will, according to the company, expire at once. It is our opinion however, that if we had the stock we would not be inclined to make the change. (1934.)

Humphrey's Oil Company. As of September 1, 1923 the Pure Oil Company purchased properties of Humphrey's Oil Company. Details of the sale of Humphrey's Oil Company and Humphrey's Petroleum Company to the Pure Oil Company included an initial payment of $250,000. for control, augmented on August 30, 1923 by payment of $750,000. and still another payment of $8,000,000. on September 15, 1923. The entire transaction involved a payment of about $26,000,000. of which $18,700,000. went to the Humphrey's Oil Company and $7,372,000. to the Humphrey's Petroleum Company. The purchasers were to deposit $9,000,000. with the Chase National Bank, New York, on September 15, 1923, and the stockholders had from that time until October 20, 1923, to deposit their certificates. Aside from the Humphrey's Oil stock already owned by the Pure Oil Company there were 450,000 shares in the hands of the public. The price paid for the stock was $50. a share, of which $20. was paid September 15, and the remainder at the rate of $6. a share every two months over a period of ten months.

Husted Realty Company. In regard to this company, we have been advised by Mr. Frederic Cromwell, who was one of the directors, as follows: "I beg to acknowledge your letter regarding Husted Realty Company. The Husted Realty Company was formed by members of the Husted family to hold certain real estate in Brooklyn. The property was sold many years ago, and the Realty Company went out of existence at that time. A member of the Husted family died a few months ago, and no doubt certificates of the Realty Company have turned up. These have no value." In view of the foregoing, we therefore submit that as of the date of death, September 26, 1928, this stock was without value.

Hydraulic Steel Company. This company was incorporated in Ohio in 1919 to take over the business of the Hydraulic Pressed Steel Co. and its subsidiaries, the Cleveland Welding and Mfg. Co., Hydraulic Steel Craft Co. and the Canton Sheet Steel Co. The plant at Canton, Ohio was sold as of May 29, 1922 to the United Alloy Steel Corp. The plant of the Cleveland Welding and Mfg. Co. was sold June 19, 1926 to the Cleveland Welding Co. Company's property aggregated 13 acres in Cleveland, Ohio, of which 10 acres were built on. In October, 1923, the company defaulted in the Indenture provisions of the 8% notes of 1930 and subsequently on Oct. 26, 1923 upon application of officials of the company, Federal Judge D. C. Westenhaver at Cleveland appointed T. P. Goodbody, vice president, receiver of the company. A reorganization committee consisting of Walter C. Janney, chairman, and S. C. Duncan of 113 S. Fourth St., Phila., Pa. as Secretary and Dustin McKeehan, Merrick, Arter & Stewart Cleveland, counsel. Creditors have been requested to deposit their claims with the Cleveland Trust Co., preferred stockholders with Guardian Trust Co. of Cleveland. Committee's address was 1529 Walnut St., Phila, Penna. Company was placed in receivers' hands and an attempt to reorganize was unsuccess-

ful and the remaining assets were sold at foreclosure on March 30, 1928. The sale on this day was approved by the court and it is estimated that the noteholders and creditors claims did receive about 70 cents on the dollar. Both preferred and common stock were wiped out and we believe they are of no value at the present time.

In 1922, Tex O'Rourke was mentioned as secretary and the office of the club at 110 W. 42nd St. N. Y. C. Mr. Tex O'Rourke is now Vice President of Card Display, Inc. 254 W. 31st St. N. Y. C. The club was declared bankrupt in 1922 and we understand the only asset is a claim against Tex Rickard for $5000. which is believed to be uncollectible while the liabilities outstanding greatly exceed this claim. Apparently there is no possibility of anything being realized for the bondholders. On Dec. 29, 1923 we find that one $500. bond sold at auction in New York, N. Y. for $2. Mr. J. Anthony Drexel Biddle who signed these bonds as an officer informed us several years ago that the bonds have no value.

Idaho Irrigation Company Ltd. Adj. Mtge. 6% bond due 1928. Regarding the above company our records indicate that under date of December 31, 1927, the Idaho Irrigation Co., Ltd. advised the Equitable Trust Co. of New York, Trustees under the above mortgage, that it had no funds available with which to pay the principal or any part of the interest due on the above bonds. Interest on bonds of this issue prior to January 1, 1928 was payable only as declared by the company, the last interest declared payable being that represented by coupons of Series 6 and 7 declared payable July 1, 1919. The property subject to the lien of the above mentioned mortgage was sold by The Equitable Trust Co. of New York and Lyman Rhoades, as Trustees under the said Mortgage, on Sept. 14, 1928, pursuant to Section 5 (a) of Article Seven of said Mortgage, to Mr. Murray Brookman for $4,000. which was merely a nominal bid, the real consideration being an agreement of the Adjustment Committee to liquidate the property purchased by Mr. Brookman in their behalf and to apply the proceeds after paying expenses toward the payment of the bonds. Mr. Brookman was acting on behalf of the Adjustment Committee, the members of which were appointed by the Mortgage itself as the representatives of the bondholders. It is our understanding that the property which was subject to the lien of the mortgage can be best liquidated by carrying on the process of liquidation insituted by the mortgagor company, i. e. by making sales of lands and water rights to settlers, and by collecting the purchase price of the various lands and water rights previously sold and to be sold over a period of years. This is the plan of the Committee, and Mr. Brookman, who has had a great deal of experience with irrigation projects of this kind, will act as their agent in carrying out the proposed liquidation. In other words, the situation now is that the Committee has been substituted for the Company and the Trustees as the agency by means of which the property will be liquidated for the bondholders. We are, of course, unable to say when a sufficient sum will have been collected by the Committee to warrant distribution on the bonds, but it will not be for some time, because there are expenses of the sale and counsel fees for services rendered to the Trustee over a long period of years which will have to be paid first. We are unable to advise you regarding the value of the above described bonds, due to the fact that there has been no market for these bonds for some considerable time. For any further information we suggest that you write to Mr. R. B. Marchant, 37 Wall St., N. Y. C., Treasurer of the Idaho Irrigation Co., Ltd. and one of the members of the Adjustment Committee. Illinois Coal Company. We are advised as follows by a member of the Bondholders Committee. "Company went into receivers hands and the property was sold for receivers certificates. It is only with difficulty that they raise money each week to pay the watchman. If the coal situation ever improves the property may prove of value but it is doubtful." Hanson & Hanson, brokers at 25 Broadway, New York City, advise that they can probably get $5. for each $1,000 bond. (1930).

Illinois Women's Athletic Club, Chicago, Ill. The first mortgage on the property of the above company is pledged as collateral along with other mortgages to secure Prudence bonds in the 7th Series. Although these bonds are in default, there has been no foreclosure sale nor any reorganization. The bonds are actively quoted and a loss may not be taken until a loss has occurred. However, there were bonds issued by the Illinois Women's Athletic Club that were junior to the first mortgage. These bonds were wiped out in 1934 after a partial foreclosure sale of the arrears only. This foreclosure did not disturb the first mortgage.

Indianapolis & St. Louis Railroad Company. 8% bonds due 1881. The New York Central informed us on November 19, 1936 as follows: "We are advised that the Indianapolis & St. Louis Railroad Company, after the construction of its property from Indianapolis to Terre Haute, Ind., operated its own line from July 4, 1870 to May 23, 1872; it then went into the hands of a receiver appointed by the United States Circuit Court for the District of Indiana, which was continued until September 18, 1882, when it was conveyed by William P. Fishback, Master in Chancery of the court mentioned, to the Indianapolis & St. Louis Railway Co. Foreclosure proceedings were brought on behalf of bond holders under a mortgage dated October 1, 1870 and another mortgage dated July 1, 1871, and of this last the Trustees were Thomas A. Scott and Oscar Townsend. The proceeds of sale of foreclosure presumably were paid by the purchaser into the hands of the United States Court at Indianapolis, or its agent. It is possible you might be able to obtain from the court mentioned, information as to the disposition of such proceeds." The United States District Court of Indiana informed us on November 25, 1936 as follows: In answer to your letter of November 23, 1936 you are advised that a search of our registry ledger discloses that in 1879 there were certain sums of money paid into court by the Indianapolis and St. Louis Railroad Co., which were remitted to C. N. Jordan, Cashier Third National Bank, New York, in the following amounts: On October 30, 1879, the sum of $34,495.47; on July 15, 1879, sum of $18,509.76; on August 15, 1879, the sum of $26,379.15; on September 15, 1879, the sum of $33,745.14. "On November 20, 1882, it appears that there was paid into court as proceeds of sale the sum of $96,320.49, out of which sum $93,000. was paid to John H. Devereux, Receiver, under order of Court and the balance was

distributed for costs. From this record it would appear that there were no moneys paid into court for bondholders. I have not searched the records in each one of these cases as this would take too much time and I cannot do this for you." The Third National Bank of New York City now National City Bank holds no funds for these bonds. In view of the above it would appear that the bonds are worthless.

Insull Utility Investments, Inc. Incorporated in Illinois on Dec. 27, 1928 to carry on an investment business and hold securities of all kinds. On April 16, 1932 receivers were appointed on petition of a debenture holder. On Sept. 22, 1932, the company was adjudicated a bankrupt and Calvin Fentress was continued as receiver in bankruptcy. The balance sheet of the company at April 16, 1932, as prepared from an audit report of Arthur Andersen & Co. and filed Sept. 13, 1932 in the U. S. District Court at Chicago listed assets of $27,473,365. and liabilities of $105,947,768. Pursuant to a ruling by Federal Judge Mack in July 1935 dismissing a suit on behalf of company's debenture holders, who sought to share in collateral held by New York banks as security for loans to company, this ruling allowed all banks to dispose of the collateral which represented the entire assets of the company. Adjudication of bankruptcy and evidence that liabilities exceeded assets were held to indicate worthlessness. Therefore it is our opinion that the capital stock of the company became worthless on Sept. 22, 1932 when the company was adjudicated a bankrupt.

Insurance Securities Co. Inc. Incorporated in Louisiana on July 9, 1925 as a holding company to acquire controlling interests in insurance companies. On January 6, 1933, Clay Beekner of New Orleans and S. Sanford Levy of Union Indemnity Co. were appointed receivers. Main office, Union Indemnity Bldg. New Orleans, La. According to reports an inventory filed on May 11, 1933 showed total assets of $598,088. Case Insurance Securities Company, Inc. versus Tropical Printing Company, Inc. No. 200,445 of the Docket of the Civil District Court for the Parish of Orleans, State of Louisiana. On the 17th day of January 1933 an order was rendered authorizing the undersigned to employ auditing firms of Peat, Marwick, Mitchell & Co. and Emile Bienvenu jointly to make an audit of the books, records and accounts of Insurance Securities Co. Inc. The auditors' report has been completed and the undersigned have caused a copy

thereof to be filed in the proceedings in which the receivers were appointed. The report is voluminous, and it is not possible for us to furnish copies thereof. The amount of liabilities is greatly in excess of the appraised value of the company's assets and that accordingly it would seem apparent that the stock of Insurance Securities Company, Inc. does not have any value. The receivers of Insurance Securities Co. Inc. have not heretofore and will not hereafter maintain facilities for the transfer of stock of Insurance Securities Co. Inc. nor will they hereafter send further notices to interested persons regarding the said company. In view of the above and for the fact that the liabilities exceed the company's assets in 1933 it is our opinion that the shares first became worthless in 1933.

Intercontinent Petroleum Corp. Incorporated in 1916 in Delaware as Mexican-Panuco Oil Company to acquire all the stock of the English Oil Co., S. A. incorporated in Mexico. Besides these interests the corporation acquired extensive concessions in Mexico, South America and Turkey. In March 1933 the company reduced its liabilities to $30,000. and its item of leases and properties from $10,145,729. to $1,750,000. Mr. A. S. Pratt, an attorney and former Secretary of the company, located at 120 Broadway, N. Y. C. informed us that the company gave up its foreign concessions in 1934 at which time there were not sufficient funds left to pay the franchise tax. Mr. Pratt further informed us that the stock became worthless in 1934. On Feb. 20, 1934, Seldon, Morfit & Harney, Inc. of St. Louis, bid 1/16 per share for 1100 shares. On March 27, 1934 Gonder Kelley & Co. of N. Y. C. bid 1/16 per share for 500 shares.

International Coal Products Corp. Organized under the laws of Virginia with capital stock of $16,000,000. and the following are the latest officers and directors rendered: Victor N. Roadstrum, President and Director; James A. Blair, Jr., V. President and Director; Edward C. Bailey, Secretary and Director; John B. Dennis, Director; Edwin A. Packard, Director. The following reported to us under date of April 24, 1928 by Victor N. Roadstrum: "The assets of the company consist of 36,000 shares of the no par common stock of the Consolidated Coal Products Company of more or less value and the company owns practically no other assets. As at December 31, 1927 the corporation owed $7,759,722.64 representing moneys advanced to it from time to time by the so called Blair interests. As a matter of fact, the so-called Blair interests own all of the liabilities of the corporation as well as practically all of its capital stock. Ordinary business prudence has for a long time dictated the foreclosure of the corporation but the so-called Blair interests have so far preferred to advance from time to time the moneys necessary (which have not been inconsiderable) to keep the corporation alive. How long they will wish to continue this policy I am unable to state, but in any event the stock of the corporation has no value. The situation is the same today."

International Steel Tube Co. This corporation was dissolved in Delaware on December 15, 1922 and reincorporated in Ohio. The latter company was bankrupt in March, 1923 at which time liabilities were listed at $172,374. and assets of $310,000. which was largely real estate. In November, 1923, the Cleveland Steel Tube Co. was organized by the stockholders of the International Steel Tube Co. who paid all of the debts of the old company and raised $400,000. for working capital. We do not believe the old stockholders received any equity, except those that furnished new capital.
